MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker

SUBJECT : Meeting with LITAMIL-9, 16 November 1963

1. A meeting was held with LITAMIL-9 from 2000 hours to 2230 hours, 16 November. The meeting took place at B's home -- pick-up was by car and B's wife sat in back with L-9 -- he was introduced to her as "Señor Aguilar."

2. L-9 reported that on the afternoon of 16 Nov he was called by ANLEO-3 who wanted to see him on a matter of importance. L-9 was quite surprised to receive this call but told A-3 to "come over here now if you want to." A-3 said he thought it would be better for the two to meet at the bar of the Del Prado Hotel at about 1800 on 16 Nov. L-9 asked B for instructions. B said that in view of the possibility that L-9's home phone might be tapped or that A-3 might let word leak out that he had contacted L-9, L-9 should inform Ambassador Hernandez Armas of the call -- it was agreed that B would consult further on this matter and that the final decision would be relayed to him on the evening of 17 November -- L-9 would call B's home and B, in a short conversation would use the word Acapulco if the incident should be reported -- Mazatlan if not. (L-9 called as scheduled and the word Acapulco was used). L-9 was advised to keep away from A-3 who was believed to be in town in connection with his efforts to get his relatives out of Cuba. He was told not to go to the Del Prado Monday night unless Armas insisted that he do so. He should make every effort to avoid any encounter with A-3 -- staying away from his home as much as possible.

3. L-9 has some lingering suspicions about A-3 -- said that back in Cuba A-3 used to drive a Mercedes Benz 190-SL sports car, bright red, which he sold to an officer in the Mexican Embassy -- L-9 found this strange since the Mexican, who had diplomatic status, could bring a new car into Cuba duty-free at much less than the going price for a used one on the local market. L-9 concluded from this that there might be some sort of hanky-panky between A-3 and the Mexican official.

4. L-9 reported further as follows:

copy to Mex 11/14/63
 a. He has seen a bit of Horacio FLORES Sanchez of the Bellas Artes Institute lately and has come to the conclusion that FLORES is 100% in favor of the Castro regime. He arranged a meeting between Amb. Hernandez Armas and Flores at the Hotel Maria Isabel on Thursday 14 Nov (we picked this up on LIENWY). This had to do with an exhibit of Mexican art in Cuba -- scheduled for January 1964. L-9 had earlier made some arrangements to send Mexican paintings by air to Cuba (also picked up on LIENWY).

copy to Mex 11/14/63
 b. On 14 Nov Mexican doctor (name unknown) [REDACTED] in Cuba, now in Mexi, reported that [REDACTED] had been helping the Cuban government and had, in the guise of hurricane relief, sold to Cuba 200,000 pesos worth of merchandise for only 30,000 pesos.

c. At the airport on 11 November L-9 saw the Cubana stewardess Marta [REDACTED] speaking with a "known gusano" (L-9 doesn't know him by name). This "gusano" is often at the airport and is described as having curly hair. (Couldn't be our man).

~~SECRET~~

- a. A Mexican medical student who has been trying to get to Cuba for at least three months came back to the embassy a few days ago to see about the status of his visa application. His name is Alejo ORDOÑEZ.
- b. Teresa MATEO, as suspicious of the Mexican who has been coming to Mexico, her suspect chances of going to Cuba. She said that he asked her how Fidel would be so foolish as to proclaim himself open-minded a Marxist-Leninist and to state that President Kennedy is ANTI-CUBA. Teresa thinks this man is some sort of provocateur. (He is the same one mentioned in the last L-9 CR)
- c. Dra. MACHADO has told Teresa not to have anything to do with Silvano REYES Puentes without checking beforehand with her.
- d. ^{See} FERNANDEZ Roa (known as ROA) was working until the wee small hours of the morning on the night of 14-15 Nov. (Code work?)
- e. PEREIRA's name is Paul.
- f. Paul PEREIRA says he is going to get married in May in Cuba to a girl who works in MINREX. When asked if this would be by proxy, he said he would go to Cuba for the marriage but that his wife would not subsequently come to Mexico. (This is an interesting tidbit -- it will be recalled that PEREIRA has been coming up on LIENVOY as a possible homosexual.)
- g. AGUIRRE will be leaving for Cuba on 18 Nov. L-9 believes there is no force in the world that can deter AGUIRRE from his determination to return. A's wife is desperate, hates the thought of going to Cuba but does want to see her children who are there. L-9 overheard A say in the office: "I've already started to fight, within a year I'll be a prisoner in the Cabana Fortress." Said this on 15 Nov.
- h. Rosario CASTELLANOS, female, Mexican writer, was at the recent Embassy party given ~~BY THE EMBASSY~~ in the honor of Alejo CARPENTIER. She works at the UN where she has a responsible position. She said that she had asked the permission of the Factor CHAVEZ to go to Cuba. CHAVEZ turned her down at which point she said, "I quit." CHAVEZ then smoothed her ruffled feathers by explaining that if she were to quit she would be acting in an unpatriotic manner in a difficult situation since now that DIAZ Ordaz is lined up for the Presidency all future appointments will be of people from the political right and she would only create a vacancy for a rightist.
- i. A Cuban in town looking for a visa to return home to Cuba entered the US six times illegally. His name is Jaime BUSO Volina.
- j. Ambassador Hernandez Armas says that ^{15 Nov 72} ~~REPRESENTATIVE~~ Foreign Office was "very helpful" to the Cuban Embassy in negotiations about the release of Cuban boats at Cozumel.
- k. On Wednesday 13 Nov at 1000 hours L-9 overheard Nicolas RODA telling a man at the door of the Embassy that "there have been a lot of problems with the couriers lately, efforts have been made to steal the pouches."

- ~~o. At 1115 hours on Wednesday 6 Nov., L-9 turned on his radio in his office with Manuel V. GOMEZ MATEOS. He turned his radio on and kept the volume very high while the interview was in progress.~~
 - ~~p. A French woman named Line Derval, staying at the Hotel Presidente, room 705, attended the recent Embassy ~~party~~ in honor of CARPENTIER.~~
 - ~~q. A Cuban (name-?) who went to the US about a month ago in a small boat and who has in his possession an E.S. Parole Form returned to Cuba from Mexico on 16 November. He had ~~support~~ from the Embassy.~~
 - ~~r. Many people at the CARPENTIER ~~dinner~~ were surprised to see Leopoldo Diaz there -- he had never been there before.~~
 - ~~s. Dolores de ~~Lamora~~ was shooting off at the mouth at the same party. She called the Argentine journalist PUGROS over to her and said, "Isn't it true that MARQUE blanted DIAZ Ordaz purposely -- to insure that he would get the PRI nomination." PUGROS agreed. (This refers to the issue of Politica which had a photo of DIAZ Ordaz on the cover along with the words -- He will not be president). Dolores said that DIAZ Ordaz is a good friend of her father and that her brother will probably become a diputado in the new legislature. She said that DIAZ' line would be the same as LOPEZ Mateos' -- no problem.~~
 - ~~t. Lately the Ambassador has been turning on loud music in his office. (To cover conversations - ?)~~
 - ~~u. L-9 went to the Soviet Embassy party celebrating the October Revolution - 7 Nov.~~
 - ~~v. L-9 took the pouch to the airport Friday (8 Nov-?). He was accompanied by Rogelio. He turned the pouch over to the "sobrecargo" (steward) on the Cubana plane. Had picked it up just inside the door of the Embassy. (Test mission-?)~~
 - ~~w. The planned exhibition of Cuban engravings at San Luis Potosi did not come off for reasons not fully clear -- some administrative SHAU. L-9 is now planning to set up an exhibit at Guadalajara.~~

5. B informed L-9 that he would be on vacation from about 2 December until Christmastime -- said that he could put L-9 in touch with another officer during this period or could put the operation on ice with an emergency mail channel left open. L-9 said that he much preferred to put it on ice, does not want to be exposed to any more people. For the first time he showed some concern about finances -- said that he might go to Cuba for Christmas and would like to have some money available to do some shopping before ~~he goes to Cuba~~ and needs to pay the next six-months advance rent for his apartment in December. He explained that when he goes to Cuba he hopes to take many gifts -- has all along been sending packages to his sister-in-law and feels that this is good insurance in several ways, especially since it suits her to have a source of supply in Mexico -- hence L-9 would probably be left alone and allowed to remain in Mexico. For his rent he will need six times 650 pesos or 3,900 pesos. It is planned to pay him his November and December salary plus a year-end bonus plus other pay (as per local custom) at the next meeting -- time ~~not yet determined~~ which should enable him to pay his rent, do his shopping, etc. When he comes back he will go to Cuba for Christmas. If he does he will spend about 3 weeks there.

6. L-9 made it clear that if he does go to Cuba he (as last year) does not want to take any SW material or have any contact with KGB/MI6 people inside. He will, of course, keep his eyes and ears open and make as many interesting contacts as possible. It is felt that we could be foolish to insist that he undertake any "mission" inside in view of his outright refusal last time to take any SW materials. A good briefing and debriefing should do the job. It would do him no harm to renew acquaintances inside Cuba and a true vacation would probably do him a lot of good.

7. Next meeting: Open.

Lawrence F. Barker

Add: No heart-to-heart motivation-boosting session was required at this encounter -- other than being a bit shaken by the AMED-3 phone call, L-9 was in a good mood and not noticeably nervous. B's wife remarked on 18 Nov that "Aguilar" was quite nervous when he got into the car at the pick-up point.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker
SUBJECT : Meetings with LITAM-9, 23 and 27 November 1963

1. On the night of 23 November L-9 contacted Barker by phone and a meeting was held from 2130 to 2230 hours. L-9's reason for making the contact was to express his condolences for the recent assassination of President Kennedy. It was clear that L-9 was badly shaken up by this happening -- when he spoke of Mrs. Jacqueline Kennedy his eyes clouded up with tears.

2. L-9 was asked if he had ever seen Oswald -- no. Had he ever heard that Oswald visited the Cuban Embassy in Mexico -- no. Did he know anyone in the Cuban Embassy that knew Oswald or knew anything about him -- no. (At this time Silvia Cyran was in the hands of the Mexican police but L-9 was obviously unaware of her detention). Asked what the reaction of those inside the Embassy was to the news of the President's death, L-9 said that he had heard very little talk about it, that the Saturday morning staff meeting was a short, perfunctory affair, but that just about everyone seemed to be truly shocked. He had heard no one expressing pleasure about the killing. He said that this reinforced his belief that once Fidel Castro falls, the Cuban people, even many of those who are now classified as Atria o Vuerte types, will quickly show themselves to be essentially good people and essentially US-oriented.

3. L-9 was asked to report on the aftermath of his conversation with Ambassador Armas about the phone call L-9 had received from AMFP-3 and which, in the interests of security, it was decided, with HHS and CJWVE assent, that L-9 should report to Armas. L-9 said that this went very smoothly -- that Armas apparently did not recognize AMFP-3 when he was mentioned -- L-9 surely stated that he had received a call from Captain (Surname), that the Captain wanted L-9 to come to see him at the Bel Frado, that L-9 felt that this was somewhat suspicious and told the Captain that if he wanted to see L-9 he should come to L-9's home. Armas told L-9 that he had done the right thing -- that he should not go out making mysterious meetings with people in hotels. L-9 did not press the point but he believed that Armas thought that the captain mentioned was a Cubana airline pilot. Anyway, his skirts are clean should the question ever come up of his having been contacted by L-3 -- he reported the contact to his Ambassador. L-9 remarked afterwards that he really didn't brush off L-3 as the two families were very close in Cuba.

4. Another meeting was held from 2100 to 2200 on 27 November. By this time the arrest of Silvia Cyran was public knowledge and L-9 made it his first topic for discussion. He said that Silvia was back in the Embassy on Monday the 25th and said that she had been held for 6 hours by the Federal Police. She seemed to be quite pleased with her performance -- said she kept reminding the police that Mexico is a free country and that the constitution guaranteed her freedom from such persecution. To this the police just laughed and said that the constitution wouldn't do her much good in jail, she had better cooperate if she wanted to get out. He finally admitted that she had gone unseen in the Consulate, that he came to L-9 for a visa but that Cuba had answered the request (this seems like factitious) to the effect that Oswald could not be issued a transit visa en route to the USSR unless and

~~SECRET~~

until he received a USSR visa. She said that the cops had threatened her with extradition to the US (seems unlikely) whereupon she said she would be glad to go to the US to face Oswald. She said that complaints would be made to President LOPEZ Mateos through Emilio Rodriguez (L-9 does not know who RODRIGUEZ is or what his access to LH is). Silvia said that she was quite surprised that word of her arrest was relayed to Raul MARCIO Nogales so fast by Francois REED who flashed the word by 2300 hours 23 Nov. At this point Teresa FERNANDEZ, one of the crowd listening to Silvia tell her tale, ordered her nephew to leave -- said, "we don't want you around here." All in all, Silvia thought she did a good job of standing up to the police. L-9 repeated, as he has done before, that she is a very intelligent, quick-witted girl. She did not appear to have been roughed up in any way or to have suffered from her "ordeal."

5. L-9 had nothing more to offer on the Kennedy assassination -- was again shown a photo of Oswald -- never saw the man. He said that there is not much talk around the Embassy about the killing -- perhaps because no one is expected to approve of such a thing yet at the same time no one wants to make too much fuss about it for fear of being suspected as pro-American.

6. L-9 reported on other matters as follows:

- a. The Counselor of the Soviet Embassy (no name given) came to the Cuban Embassy at about 1045 Monday 25 November. He spoke with Ira. Margot MICHAUD. The Ambassador was not present at the time.
- b. Inc. Jorge TIVIAGO was in the Embassy on Monday 25 November. He remarked that he had been to see Luis Diaz some time ago about getting a permit to send his son to Cuba to see the heart specialist Dr. Enrique CHAVIRA. (His son suffers from some heart ailment). DIAZ Diaz questioned T closely about the projected trip (this was while DO was Minister of Government) and T took advantage of the occasion to complain to DO that people from the procuraduria had confiscated some medical slides from a Cuban heart specialist at the airport. (L-9 was the person who eventually recovered these slides). According to T, DO was somewhat upset, said that the procuraduria people had no business doing this, and saw to it that the slides were returned. T said that DO mentioned L-9 by name, telling T that he would see to it that an order was issued for the slides to be turned over to L-9. T passed word around the Cuban Embassy that everyone should be very careful to speak only the best of DO who might prove to be a useful friend.
- c. A meeting a Consular officers from all Cuban Consulates was held on Tuesday. L-9 does not know what went on at this meeting.

7. L-9 was paid 12,000 pesos -- 4,000 each for the months of Nov and Dec plus 4,000 year-end bonus. He was told that the C/O would be out of town during most of December and he reiterated his desire to have the operation put on ice during the interim -- he is not anxious to be "exposed" to any more people. Arrangements were made for an emergency commo channel to him in case it might become necessary for us to contact him during the C/O's absence. Details on next page.

8. L-9 asked T to buy him some oil paints in the US -- said that the Mexican product is inferior. Will do. L-9 is doing a lot more painting these days. He is now putting the finishing touches on an oil painting

~~SECRET~~

of Camilo CIENFUEGOS which he plans to give to the Embassy, possibly to be raffled off, proceeds to go to hurricane victims.

9. He was asked for additional detail on Luisa ~~Haldoron~~ -- had little to offer except to report that Luisa had recently moved. He believed that she had been living with the MACBIO's and Peregrina ALONSO but found that this was a bit confining and had moved "about ten days or two weeks ago" to live with a Mexican family. L-9 believes that her mother returned to Cuba some time ago. Her, Luisa's, new phone is 30 - 62 - 65. She "talks like a Communist," and speaks English -- L-9 thinks she has been in Miami, Florida -- does not know when. He says she is "muy mona" -- very pretty. She is about 24 years old.

10. The contact arrangements set up with L-9 were as follows:

Signal: Someone will phone L-9's apartment at 0800 hours and will use the word "alfombra" -- rug -- perhaps saying, we will be by to pick up the rug you want cleaned -- something in this order that uses the word ALFOMBRA. L-9 will reply, "You must have the wrong number."

Meeting: The night of that same day and on subsequent days until contact is effected L-9 will go to a public phone booth at the corner of Reforma and Avenida Monte Altai (Lomas) at 2000 hours -- 8:00 p.m. He will be approached by an American who will have in his possession and clearly visible a copy of TIME magazine and a pack of FILTERED cigarettes. No verbal signals were laid on. L-9 can be readily identified from photos on file.

Note: There is a bookstore -- the one with the huge red lighted sign L I B R E R I A about a half a block up Reforma (up hill) from this phone booth -- L-9 as a confirmed bookworm can lounge around here, browsing until 2000 hours. L-9 is punctual -- always on time.

Person making call to L-9's apartment should speak excellent Spanish and should keep the conversation short. DO NOT ASK FOR L-9 by name -- he is going to say it is a wrong number. He lives alone and is always home at 0800 hours.

The contact point (phone booth) is on the right side going up Reforma -- beyond Petroleos monument -- a short distance beyond the Hilux restaurant.

11. L-9 turned over some Havana newspapers which will be forwarded to JMWAVE.

C Cuban "Identification" of KUBARK Agent			

Raul MACIAS Franco, Cuban delegate to the Assembly in Mexico City of the International Union of Architects, which followed the Architectural Congress held in Havana in early October, informed LITAMIL-9, a Mexico Station agent, that the Cuban government had identified the Greek delegate to the Havana congress as a KUBARK agent. MACIAS did not identify the delegate by name and did not give any further details.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker
SUBJECT : Meeting with LITAMIL-9, 15 October 1963

1. L-9 was picked up in Ecatepec at 2000 hours and driven to B's home where a meeting was held until 0020 hours (16 Oct) at which time L-9 was dropped off in Colonia Chautemoc. He identified 90 photos from among several hundred taken from the LITERDCE Base House; he was unable to identify any from the LIENSRICE coverage of the AMNOB-reported Safe House at 157 Pachuca.

2. L-9 reported on the following:

a. On 8 October L-9 and Paul APARICIO Nogales had a few drinks and dinner with Raul MACIAS Franco, Cuban delegate to the Assembly of the International Union of Architects held in Mexico City the previous week.

Reported by
dispatch to
dittos: → MACIAS said that the Greek delegate to the recent Architect's Congress in Havana had been identified as a KUBARK agent. He did not give this man's name.

Ramon CORDONA

Sir Robert

The Mexican Ramon CORONA gave the Castro-Cubans a lot of trouble in Havana and it was hoped that some way might be found to take the Vice Presidency away from him, because of the proposals he made -- which were disruptive, but the Cubans and their allies decided it would be best not to risk a fight with CORONA.

The Englishman who presides as president of the UIA (International Union of Architects) was, on the other hand, very docile and easy to get along with -- the Cubans liked him. When he came back from Cuba the Mexican authorities at Merida "gave him the works," dumped the contents of his luggage out unceremoniously and searched it carefully, confiscating from him a number of packages which only contained materials relating to the congress. The Cuban delegates, such as MACIAS, himself, got the same treatment and lost a number of things they were bringing to Mexico.

During the Havana congress, a number of lapel identification buttons (allowing holders to enter the sessions) disappeared and it was hastily assumed that an American present, an editor of the Magazine Architectural Record had, in conspiracy with an English newspaperman, stolen them. These two persons were, accordingly, held under arrest at the Riviera Hotel one morning from 2 a.m. to 6 a.m. MACIAS had to intervene to secure their release. The American appeared "hurt" by the accusation and arrest and kept asking for someone to send him a drink. (L-9 said: If he was a KUBARK agent, he did a good job while under arrest, judging from MACIAS' account)

- b. Dr. Filiberto RUIZ Corria, a physician who was here for some sort of medical conference (having returned to Havana on 14 October) said that rumors were ripe in Havana that counter-revolutionary forces planned to bomb Havana from the air during one of the sessions of the architectural congress. Anti Air-craft units were ready and care was taken not to announce them and where Fidel CASTRO would address the group lest he be the target for bombing.

(Note: RAMIREZ Corria was here with another physician for several days -- L-9 saw quite a bit of RAMIREZ and had him take some medicine to L-9's father on his return. He assesses RAMIREZ as a "very valuable element, one you would do well to try to win over to our cause." L-9 did not know the name of the other medico but identified his picture in the LIERODE take.)

- c. A short time ago, Vice Consul Civilio SAMA of the Consulate in Veracruz told L-9 that he would like to close down the Mexican-Cuban Cultural Institute in that town -- it is not working out well, people are not attending meetings. SAMA feels that the 800 plus pesos per month that this operation costs can be spent in better ways.

- d. RUIZ of the Commercial Office told L-9 that someone had given him 30 dollars in Cuba to buy a pistol here in Mexico and that he had managed to find one for 300 pesos. (LIEVNOY recently revealed that RUIZ was buying a Spanish Llama pistol).

- e. Cuban Captain SAMIDEY saw L-9, VEGA, and ROJAS of Cubana at the airport on 14 October -- L-9 and VEGA had gone out together to see RAMIREZ Corria off -- and SAMIDEY pointed to the IL-18 on the field, saying that for several reasons they had not yet been able to get permission to use this plane (which brought the Soviet cosmonauts to Mexico) to carry medicines and other relief supplies as cargo on its return to Cuba. ROJAS later showed up about 6 p.m. at the Soviet Embassy (where a reception was in progress) to speak to Ambassador HERMOSO Arman about this same matter -- L-9 witnessed the encounter. (LIEVNOY covers this subject).

- f. At the Sovemb reception mentioned above, which was for the purpose of introducing Soviet delegates to the International Aeronautical Conference then in session, L-9 spoke with (fnu) CICERO of the Foreign Office -- L-9 says that CICERO is pro-Soviet, anti-American. He overheard a young Mexican official of the Mexican Hero Club asking CICERO if it was true that the Israeli delegate to the Aeronautical Conference was going to be expelled from Mexico -- didn't hear the answer to this. The expulsion was reportedly in connection with a "problem migratorio."

in Mexico several months. He is a Cuban and was closely connected with "Che" GUEVARA in some official capacity. He does not plan to return to Cuba but is still in touch with "Che" -- received a letter from him 2 weeks ago. As RAMIREZ and his doctor companion prepared to leave, "Biru" said, "My brother is chief of all those medicos in Cuba." "Biru" is a light mulatto about 35 years old. Coto SOLORZANO is now trying to get him a job in Mexico City. He usually eats lunch with AZCUE. At the airport he said he couldn't understand why AZCUE was willing to be recalled to Cuba -- said that he doesn't know how AZCUE will manage to survive what with ration cards and other such inconveniences.

PRIORITY TASK: IDENTIFY THIS MAN "BIRU"

1. Moconer KHAN, a senator from British Guiana, left for Havana on 14 October -- he is very friendly with L-9, spoke with him before making an earlier trip to the Island which had to do with procurement of petroleum products from Cuba. He told L-9 that the Mexican Consul at Trinidad had given him a 6-months multiple entry visa but that this was taken away from him at the Mexico City airport. He wondered whether AZCUE might help him get it back. AZCUE told him to relax, that he could get another from the Mexican officials in Havana.

KHAN left a postcard with L-9 to mail to his wife. L-9 showed it to Barker. Copy:

- j. L-9 says that LLAGOSTERA and LICHIN are involved in a big love affair -- LLAGOSTERA is really love-struck and it is quite obvious to everyone in the Embassy that the two are involved -- they chat on the inter-phone quite often. (LIEN-VOY alerted us to this love affair recently) According to L-9 LLAGOSTERA is vulnerable because he has a wife and child in Cuba.

- k. Other insignificant items were reported on but not worthy of inclusion here.

3. A long conversation was held about clandestine operations in general, motivation, security, communications, etc. As has been discovered in the past, L-9 periodically requires an opportunity to explain why he is working for us and this must be followed up by renewed assurances on our part that we greatly appreciate his work and the high principles which motivate him. In this instance, comfortably ensconced in B's home with a glass of scotch in his hand,

L-9 was in a talkative mood and no effort was made to shorten the session. After he had performed his catharsis he seemed to feel much better about things in general although on the way home he remarked that he hoped the Cuban problem could be solved within a couple of years so he could get out of this work. It is clear that he feels strong pressure and, not being a daring individual, he is looking forward to the day when he can stop living a double life. Nothing new came of this conversation which ranged far and wide -- from antique automobiles to classical music -- except that it apparently did L-9 some good and gave the C/O a chance to insert a host of tradecraft pointers designed to sharpen up the agent's security and convince him that (1) his security and well-being is our primary concern, and (2) if we practice good security in the operation he need have no fears of being compromised. (NB: A tour as an instructor at ISOLATION is the best basic training imaginable for this sort of situation -- really pays off).

4. A start was made on sketching the physical plant of the Embassy but L-9 was quite tired at this point and this work was left for the next meeting. L-9 looked over our file material on the Embassy building and explained that so many changes had been made in the last year that most of what we now have is completely out of date. The next meeting will take up the Embassy premises as the first order of business.

5. Next meeting: Open.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker
SUBJECT : Meeting with LITAMIL-9, 26 October 1963

1. A meeting was held with L-9 from 2000 to 2135 hours in B's car (parked in Tacuba) on 26 October.

2. L-9 reported as follows:

*Coverance
Report No.
Report 9*

- a. A few days earlier Coto SOLORIZANO, sister-in-law of General Lazaro CARDENAS, told L-9 with a groan of disgust that it looks like DIAZ Ordaz has been chosen as the PRI presidential candidate.
- b. The Ambassador is still using the wall safe built into the chimney of his office (we have photos of this in our files). L-9 thinks that the Embassy payroll is kept there as the other day when he walked into the Ambassador's office he saw the Ambassador shut the safe door -- Dra. MACHADO was there, having just returned from the bank where she withdrew the payroll. Dra. X MACHADO handles the payroll for the whole Embassy. *Masler Padron*
- c. Eusto LOPEZ *Manuel* X AZCUE is leaving PCS for Havana on 4 November.
- d. Manuel VEGA *Alfredo Diaz* is leaving quite soon. No replacement for him has arrived.
- e. MIRABAL is looking more and more like a "security type." He is a key man ("lleva la batuta allí") and appears to be a convinced Communist. In the old days, before CASTRO, MIRABAL worked for the Sherwin Williams paint factory (L-9 thinks S-W in the States must have a record on him) which was located a short distance from the plant owned by L-9's father.
- f. Dra. X MACHADO recently told L-9 that X VEGA was discourteous to her when she first arrived here but that he has softened up a bit recently and now seems to "accept" her. She thinks this may be because she lost two sons in the Revolution (no details given). She complained that LLACOSTERA still doesn't accept her but JURRIN seems to be coming around. (This may be the usual resentment caused by a female in a responsible executive position).
- g. Embassy staff meetings are held every Saturday morning from 0900 on -- usually lasting about two hours. They used to be held in the "theater" out back under the new construction but are now being held in the glassed-in terrace at the rear of the main building.
- h. Three Marxist study groups are being set up in the Embassy to include everyone on the staff. VERGARDEZ Roa, known as ROA to the staffers, is chairing this effort. These groups should be organized within a week. (L-9 dreads the thought of submitting to this indoctrination but realizes he must go along with it).

SECRET

SECRET

1. L-9 recently suggested that Embassy staff meetings be held at night so that afterwards everyone could get together for dinner. RUIZ of the commercial office took exception to this -- said that the result would be just like the Rotary Club. Ambassador HERNANDEZ Armas supported L-9's proposal but did not press for approval and the decision was made to continue holding the meetings on Saturday mornings. Later on the Amb. told L-9, "well, I supported you, anyway."
2. *Joaquin HERNANDEZ Armas*
The Ambassador said at a recent staff meeting that he was taken to task by a Mexican senator who asked him why Cuba refused to sign the atom test ban pact. ARMAS (he, like ROA, is known by his matronymic) tried to explain that Cuba could never sign the agreement as long as she is the subject of American aggression. ARMAS said that Embassy staff people should be prepared to answer such questions and mentioned that a request was being sent to Havana to allow the expenditure of sufficient funds to print up 10,000 copies of Fidel CASTRO's speech of 28 September to be distributed locally -- this speech apparently conveys the present "line" on the test ban issue.
3. Foreign Minister ROA recently mentioned in a note to ARMAS that he is glad to hear that L-9 is painting again. L-9 was, in turn, pleased to hear that the Foreign Minister takes a personal interest in him. L-9 has recently done four paintings -- all female figure studies. (I) He asked him if he might not do something revolutionary from time to time -- such as a militia girl standing guard with a sub-machinegun. L-9 says he has thought of this but doesn't feel inspired.
4. *Wanda TRAPOTE* recently visited the Embassy and said that his daughter Irina, the ex-wife of Raul VALDEZ, will be coming to Mexico soon on a "special mission." He also said that his nephew, a Chilean, (no name mentioned) recently arrived here proceeding from the USA.
5. L-9 got a nice thank-you letter from Mercedes LECHUGA -- sister of former Ambassador LECHUGA -- thanking L-9 for having sent her a bottle of perfume. L-9 was pleased to get this evidence of confidence since, as he says, if LECHUGA were the least bit suspicious of him Mercedes would not correspond with L-9.
6. L-9 believes he heard the man with the thin mustache referred to as FERERIA. This is the man who showed up at about the same time the unidentified "light skinned mulatto" (and possible code clerk) disappeared from the scene. L-9 identified his photo at the last meeting. (A Paul FERERIA has been showing up increasingly on LIENJOY traffic -- we had considered this to be Raulito the messenger boy.) L-9 will try to find out more about FERERIA and will look into the last name of Raulito.
7. "Biru" -- see last CR -- L-9 had no more on this man except to report that he thinks Biru has found a job and that Coto SOLORZANO helped him to get it. L-9 says that Biru was sent to Mexico by "Che" GIEVARA.

- p. Regarding Sara MENDOZA Cata, now in Caracas, L-9 recently learned that sometime in the past when Sara was on a Cubana plane at Mexico City, preparing to depart for Havana, she made a few anti-Revolutionary remarks. These were reported to Orfila, who reported them to Teresa PHOENIX, who reported to Ramon SINOBAS (at the time Charge at the Embassy), who fired off a cable to MINREX Havana. When Sara got to Havana she was accused of "intrigue." Teresa PHOENIX recently told L-9 about this. (REPORT TO CARACAS STATION).
- q. A Cuban functionary on his way to Uruguay from Havana had some trouble with Mexican officials at the Central Airport -- a Cdte. VENTURA took some papers away from him when he arrived 24 October and as a result the Cuban was forced to cancel his onward reservations on Varig for the night of 25 October -- said he could not complete his mission without his papers. (Reported this to CAEOT 28 Oct in case LIFIRE might be able to get hold of the papers in question).
- r. ^{MACHADO} ~~MACHADO~~ L-9 says that Dra. MACHADO, her daughter María, and Peregrina ~~MACHADO~~ KALONSO all live together near the Embassy. (This may be in 157 Pachuca where the AMEROB-1 safe site was located) L-9 will ask Dra. MACHADO to have dinner with him at his apartment -- making sure she is there well after nightfall so that he will be obliged to see her safely home and, in the process, find out where she lives.
3. As usual L-9 needed a bit of bolstering. He said that he feels intense pressure at staff gatherings when everyone looks at everyone else present and wonders "who is the Judas in this group." L-9 stated that he would much rather do some other kind of work and would rather sell tomatoes on the street than do what he is doing now. The thing that really keeps him going, aside from his expressed regard for KUBARK and his oft-repeated affinity for the Anglo-Saxon, is his sincere disgust with the CASTRO regime. He again told the story (B has heard it a half-dozen times and Shryock probably heard it often before that) of his father's having built up a big business by unstinting hard work -- of having brought his family up from nothing to a position of honest respectability -- only to be classified as a "bandido" and "exploitador" by a bunch of revolutionary bums with beards. It is the case officer's belief that if L-9 did not have a release through painting he would break off from the Embassy and, naturally, from KUBARK. It is furthermore believed that if we were to ask L-9 to submit to an LCFLUTTER examination as Headquarters has recently suggested, L-9 would immediately break contact with us as no matter how diplomatically the build-up might be phrased he would take it as a slur on his honor and we would be without a penetration into the Embassy.
4. Next meeting: Open.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker
SUBJECT : Meeting with LITAMIL-9, 4 Nov 1963

1. A meeting was held with L-9 in B's car from 2200 hours to 2345 hours, 4 Nov. The car was parked in the Tlaxpana area.

2. L-9 reported as follows:

- a. Manuel VEGA left on PCS orders for Havana on the 3 Nov Cuban flight. Coty SOLORIZO bid him goodbye at the airport along with members of the Embassy staff. It is not clear who is or will be replacing VEGA.
- b. ^{for} FERNANDEZ has worked very late the night of Friday 1 Nov. L-9 still thinks he may be doing commo work.
- c. ^(Anjorio) Nico GARCIA is going to move into the row of offices where L-9 is now located and is being "caged in" -- is installing door, blinds, etc., as did ROA recently.
- d. ^{for} AZCUE will be around for a short while before returning to Cuba -- he is planning to take a trip to Campeche with someone named LIZALDE to study building materials in preparation for AZCUE's assignment to JUCELIN as an architect when he returns. L-9 went on at some length about AZCUE -- said he was certain that AZCUE is not a Communist, not a CP member (note that AMNOB-1 has AZCUE admitting he has been a Communist for many years - ?) L-9 repeated that AZCUE is an implacable foe of "the Pentagon, and the ruling circles in the US" but has a high regard for the American people. AZCUE's wife is still very upset at the prospect of going to live in Cuba. L-9 thinks AZCUE is a loyal Fidelista who would never knowingly cooperate with the Americans. At lunch with L-9 on 4 Nov AZCUE lashed out against the Cuban CP -- said that Lazaro PENA should be shot -- he has served his usefulness -- after the shooting a monument could be raised to him, but Cuba would be much better off with him out of the way.
- e. ^{for} STRAHL, AZCUE's replacement, is not popular and nowhere near as effective as AZCUE. Sylvia doesn't like him but will probably go on working as his secretary for the time being.
- f. L-9 saw AZCUE kidding with Sylvia recently in the office -- chiding her for being a Communist. Sylvia replied, "It's not true. I am not a Stalinist and I have never been interested in Party membership. I don't accept the Party line and by talking this way you are insulting me!" L-9 thinks Sylvia is a very intelligent girl. He thinks we might be able to gain her cooperation by getting a desirable male next to her -- she is, according to L-9, "a little putita."
- g. AZCUE told L-9: "If they don't give me a good job in Cuba, I'm not

SECRET

SECRET

going to be upset -- I can always get a job here in Mexico."

- h. L-9 exhibited a book by Alajoin CARPENTIER (who is in town). This book, entitled Los Pasos Perdidos, published in Mexico, had inside the cover two handwritten dedications to L-9 -- signed by CARPENTIER. The first was written when the two first met -- the second was written after L-9 had CARPENTIER over to his studio and C got a look at his paintings -- this dedication lauds L-9's ability as an artist.
- i. L-9 showed B his address book -- in it he has a bookmark which consists of two ribbons - red and black -- with a small photo of Fidel CASTRO attached. L-9 likes to "casually" display this little item when consulting his book in the presence of Embassy officials. He says it has a nice effect on them.
- j. L-9 overheard Teresa PROENZA on the phone (we have the same conversation on LIENVOY) saying that Ambassador HERMOSO Armas' wife is coming to Mexico on Friday 8 Nov and that she would not be staying at the Embassy, but would put up somewhere outside, probably with Dra. MAGIADO. Teresa indicated that all is not well with the ARMAS family and that this was a somewhat scandalous situation. (He might be able to make some capital with Mrs. Hdz. Armas by tipping her off about the Amb's dalliances)
- k. A tall, blond American student has been in to see about traveling to Cuba. He is studying at a University in Mexico City. (This sounds like the one who came in to see Joe Montllor recently). He is suspected of being an American agent -- "Licha" says that he is an agent for sure. He was there-on Thursday, 31 Oct.
- l. HERMIN told L-9 that he soon intends to marry a Mexican.
- m. José Félix Díaz is not happy about being a mere Press Attaché. L-9 thinks this is a cover position and that ROA is probably CIS.
- n. Teresa PROENZA spent the weekend at CARDENAS' place in Michoacan. She came back highly incensed that Gustavo DIAZ Ordaz had been uncovered as the Presidential candidate of the PRI. She said that LOPEZ Mateos made the choice himself. L-9 thinks this intelligence came directly from Lazaro CARDENAS. Teresa and the Ambassador were closeted for most of Sunday 2 Nov -- presumably T was filling him in on the political picture as a result of her visit with CARDENAS.
- o. Someone named (fmu) HARGUENDOITIA, Reforma 7, Coyoacan, D.F. has recently received correspondence from the Casa de las Americas in Havana.
- p. A Chilean artist (painter) named Hugo MIRIN has been hanging around for a visa and the authorization finally came from Hava. This man formerly lived in Cuba, is wealthy. He is considered as a probable agent of the imperialists but the embassy feels he can be watched closely once he is in Cuba.
- q. L-9 was in a pretty good mood, said that his sessions with the C/O give him "animo" and are a good antidote for the feelings he has in between meetings when he is sitting in his office, or beside the Ambassador, and wonder-

SECRET

SECRET

ing how long he can go on without being discovered and what the others in the shop think of him. This was a good opportunity to inquire into the latter point, and B asked him to explain just what his posture is vis a vis his associates and outsiders who know him only as a CASTRO official. He talked for about 30 minutes on this point, explaining that he tries to project the image of a man who is "more artist than politician," who is not a revolutionary type but who believes that "there is a job to be done here, I have been chosen to do it, and I intend to do it -- wanna make anything of it?" He says this works very well -- he emerges as a dedicated, more-or-less apolitical worker, who is not going to take any foolishness from anyone who gets in his way, and who, like many artists, may be just a bit wacky. He cleverly manages to lose his temper from time to time with good effect since no-one wants to ruffle him too much lest his well-known "pull" with Fidel might be employed.

4. He was paid 4,000 pesos for October 1963. *

5. L-9 is planning to do a painting of Camilo CIENFUEGOS which will be raffled off so that the proceeds can be sent to Cuba to aid victims of the hurricanes.

6. He furnished B with a copy of the 3 Nov issue of HOY which carried the AMGLOSSY confessions. This was airmailed to the PIEFER address at NAVE on 5 Nov.

7. Next meeting - Open.

8. Problem: It will be more difficult to get L-9 into B's home in the future owing to the recent installation of mercury vapor lamps in Lomas which light the area up almost to a daylight degree. In view of the necessity to sit down with L-9 from time to time to pour over papers and photographs -- as well as the desirability to have him relax with a drink in hand -- a safehouse would seem to be more-than-ever in order, but L-9 is extremely nervous about the prospect of meetings in a safehouse. It is believed that a carefully-timed arrangement, whereby B's wife could swing open the gates of the B home may do the trick and enable us to continue to use the B residence for meetings from time to time.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker

SUBJECT : Meeting with UNTANZ-9, 23 September 1963

1. A meeting with L-9 was held at the agent's initiative from 2030 hours until 2300 on 23 September. The pick-up was made on Chicos and L-9 was dropped off several blocks from his home after the meeting. The meeting took place in the C/J/S car, parked on a dark street in Polanco.

2. L-9 reported as follows:

Architectural Congress in Havana: Practically all of the students from Mexico have already gone in by air. Of the 60-odd professional architects who were expected to go as delegates it appears that only 5 will be attending -- the others had been scared off by adverse publicity and the thought that they might appear on some sort of American blacklist if they were to go -- and by fears that they might have trouble getting back from Cuba once there. By some queer quirk of fate, Architect Americano, the man who did most to set up the congress from the Mexican standpoint, did not receive an invitation. Paulo M. Gómez, Cultural Counsellor, speaking for the operation in the Cuban Embassy, was surprised and shocked that MIGS2 was not invited.

An American named HENRY (Hnn), editor or writer for the publication Architectural Record has been at the embassy trying to get a visa for Havana.

MIGS2 was in contact with a person staying at room 216 of the Hotel Cardenal regarding the Congress, telephone 19-32-32. He asked L-9 to call the hotel at 2100 and ask for room 216, and tell the person who answered the phone to speak to him. L-9 was not given the man's name and he refused to ask who was staying at the room -- just get the man on the line.

(Continued) The Latin American Bureau in the Foreign Office told L-9 and MIGS2 that the CIA had tried to give full available assistance to the Embassy in Havana in view of the large delegation to the congress. Use of British flights for delegates, on other flights was authorized (the response U.S. Embassy directly to authorization was ignored by DIAIS) and the use in excess of any mission having commercial relations with Mexico via DIAIS. It was said that Mexican Consuls abroad had been advised to encourage travel of their citizens by issuing 30-day Mexican transit visas. DIAIS was much more pleasant than DIAISEMB had been at the previous encounter (see last compact report).

3. Russian-Chinese split: During the recent Philosopher's Congress a function was held at the Russian cultural institute at which the Soviet philosophers were the guests of honor. L-9 was invited and

Enc 1 to
RUEA//NINA-22288

50-6-105/3

APARICIO was not taken along because he spoke little English but L-9 took him along on his own initiative. The place was packed with people, men and women. He was sitting near the front when suddenly a woman slipped three copies of Chinese propaganda to him from behind -- he had not joined the show-ups. These were the 7, 10, 14 Aug, and 21 Aug issues of PEGUIN INDEPENDENT and all condemned the Chinese position in the talks with the USSR. L-9 and APARICIO were surprised that the Chinese would take advantage of a Soviet function to try to win over the Cubans to their point of view.

- (C) The recent issue of SEMANAL (i.e., 7/30) contained a strong editorial against the US and USSR delegations to the Philanthropist's Congress. This editorial was considered a scandal by the Cuban Embassy which explores the widening Sino-Cuban rift by branding the Soviet Delegates as hot interpreted in any countries other than the US, SEMANAL would soon (in the eyes of the Cuban Embassy) to have moved solidly into the Chinese Communist camp.
- (D) French travel to Cuba: Since Poldierne (lmu) of the French Embassy phoned L-9 about a French girl who went to visit Cuba but who won't assurances that they will be able to get out of Cuba right away after interviewing the Communist party Missions COMITE. These two are Françoise JAFFREY and Anne-Charlotte MILLE. PERROT has to move on to Sofia, Bulgaria without delay. Both came to the Embassy on visa matters. PERROT speaks quite good English and Spanish and has been in Moscow.
- This is from
French Embassy
Bogota
July 24, 1962
- (E) An American lawyer named (lmu) RUMMEL was in the Embassy a few days ago to get a Cuban visa. L-9 can't be sure what he represents or Oregon legal firm.
- F. L-9 is going to set up his exhibit at Cuban embassies at San Luis Potosí in collaboration with the Mexican National Institute of Fine Arts which will be the sponsor and will furnish the exhibition hall.
- G. A Mexican named Marquez (lmu), who has a daughter in Cuba, has recently been in close touch with Ambassador Joaquín MIRANDA Armas.
- H. L-9 is passing along favors with the Ambassador. When former Ambassador PERROT was in the airport preparing to leave he was most profuse in his thanks. L-9 asked PERROT said to L-9, "I wish you could tell me the same to you are to PORTOCARO -- wish you had the same enthusiasm."
- I. Telephones: L-9 was asked to give him a switch of all phones in the Embassy -- prior to 1961, that the modern, upright cream-colored phone, "MURKIN" in the bottom is in the same office -- used to be used by the former COMITÉ now this office is now used by APARICIO -- is in the rear of the Embassy above the little theater. It has been out of order for about two weeks and APARICIO is trying to get it fixed -- asked L-9 if he had any "pull" with the phone company or anyone I could call in and fix it. (NOTE: This is our hotel-like phone which recently failed to operate when we tried to reactivate it).
- J. Next meeting: Left open.

27 September 1963

MEMORANDUM FOR THE RECORD

FROM : Mr. Lawrence F. Barker

SUBJECT : Meeting with MIRAGE-9, 26 September 1963

1. A meeting was held with L-9 in Barker's car in Polanco from 2230 to 2355 Hours 26 September.

2. L-9 gave the following list of Mexican delegates to the Architect's Congress in Havana:

Mexican Delegates
to the Architect's Congress
in Havana, Cuba
26 September 1963
Listed below:
1. Enrique V. Gómez
2. Alfonso S. Solórzano
3. José Luis Sánchez
4. Adolfo V. Gómez
5. Francisco J. Gómez
6. Antonio Gómez
7. Leopoldo Gómez

3. L-9 said that a telephone company representative had been in the Embassy that morning looking at AMIRAGE's out-of-order telephone (this is the one MIKEFIRE doctored up for us) and would be back, perhaps 27 September, to fix it up.

4. Mrs. Sptia Lic. María del Rosario Gómez, Instituto Potosino de Bellas Artes, Venustiano Carranza # 110, Tel 46-11, San Luis Potosí, S.L.P., has been designated by Bellas Artes to help L-9 set up his exhibit of Cuban engravings in that city.

(5.) A Colombian girl named (first) DUGRE has recently arrived from New York City, from whence she fled when she moved by immigration authorities for an interview, and is now in touch with the Cuban Embassy here. She is on her way to Cuba to marry her Cuban boyfriend who works for the GOC. She made it quite clear that she is no Communist but said that she may have been branded as one by U.S. authorities for having a Cuban fiance.

6. Asked if he knew of anyone else the Habsay living at 157 Pachucos, corner of Vicente Suárez (this is a place name surfaced by AMIRAGE-1), L-9 replied that "Adelita" Suárez, wife of "El Chacal" lived in an apartment there; he did not know the apartment number. (The one AMIRAGE-1 listed Vicente Pachucos about was 115).

7. B expressed his interest in the tailor, SCUZA, who is in frequent contact with the Embaixy -- particularly L-9 along with a lot of others. (Building operation baseding in Calle 21). L-9 did not know SCUZA's first name and did not know the name of the tailor shop where he works although he described it as on Calles, beyond sombra's (curve of tiles) -- on the same side of the street as before before SCUZA -- next door to or almost next to an optical supply shop. SCUZA is usually at the counter where although he has a workshop on Calle Bolívar where he does most of the cutting, etc. L-9 said that SCUZA was a colonel of assault Guards in the Spanish Republican army, was

SECRET

apparently a regular army officer. He is well to the left but probably not a Communist. He is a "leftist Francophobe," is very much like Eusebio SOUTO in political coloration. SOUTO is in frequent contact with Humberto CARDENAS, alias "El Guero," who is a Cuban Foreign Service employee who is here in Mexico supposedly on a year's leave of absence. SOUTO stays away from the Embassy -- avoids it like the plague -- and is supposed to be disgusted with the Cuban revolution. (This gets more interesting all the time) SOUTO is about 55 years old, "very Spanish," short, medium build, thinning hair. He was helpful to anti-Fidel people (including Fidel CASTRO) here in Mexico, helped them get arms. (Note: He is often in LINCOLN traffic and it would appear that his relationship with the Embassy goes beyond simple tailoring) SOUTO did not like Raul SANCHEZ -- doesn't care for the fresh young kids the Cuban revolution is turning out.

S. L-9 was asked to report on all the people in the Embassy -- tell us who is there now (this done primarily in an effort to find who replaced SARDENAS so we can get after him). Names de L-9 gave them:

Cultural: Raul APARICIO (cables)

Lucia MARGARITA (now seems to be APARICIO's favorite)

Teresa MARIA Perea (she recently remarked that she may be sent to Cuba, was seen by L-9 cleaning out her desk, said she would keep her bags packed. APARICIO doesn't much care for her)

After L-9 gave out with this list -- names listed just as he gave them --
he acknowledged that there was one more man on the premises -- the light-

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker
SUBJECT : Meeting with L-9, 5 October 1963

1. A meeting was held with L-9 in B-9 car deck 603 to 2143 Hours on 5 October.

2. L-9 reported on several subjects as follows:

a. Marta BOSSI, Chilean wife of Rafael BOSSI, came in recently from Cuba on her way to Santiago, Chile. She carries a Chilean official passport and when she went to the Mexican Embassy in Havana to get a visa she was treated in a rude manner by an employee there named Maria who said she could not understand why Marta BOSSI was carrying an official passport from Chile.

Marta told people in the Cuban Embassy here that the wife of Ambassador BOSSUUS (Mexican Ambassador to Cuba) is always going around with a big smile on her face but that she is a hypocrite.

Marta said that, according to Aida RIA, Adriana GARCIA, and Adriana GARCIA, of the Mexican Embassy, Havana, was observed taking photographs in forbidden places during the October 1962 crisis in Havana.

b. Mariom A-bassador CILANI (name) told Fernando MUNIZ, sister-in-law of Rafael BOSSI, recently that the Mexican government is pleased with José Martínez (name) -- the Mexicans like his humor.

c. A Cuban named Mariano (name), who sat beside Fernando MUNIZ on a recent flight to Cuba, said that "now that Fidel CASTRO is leaving Mexico, it is a good time that L-9 will return there."

d. Maria BOSSI reported that Fidel CASTRO had sent RAFAEL BOSSI and Pedro PINTO to Mexico to teach the former rug skilled by an elderly a picture of Castro (name). RAFAEL BOSSI "This man has recently returned to the U.S.S.R. He fled from Cuba once before, a few days after Castro took power for the last time. This man "F.D." has a small mustache. L-9 says he can identify him from L-9's photos.)

e. L-9 has been involved in the exporting to Cuba of some Cocoy plants in the name of Ernesto FRIGOL (ERNESTO confirms this). These plants were furnished by Boris XAVIUS Ambassador of Colombia.

SUMMARY

3. L-9 was asked if he had been able to identify the "light-skinned mulatto" whom we had reluctantly picked out as the code clerk, No. Furthermore, this man doesn't seem around for a long time now. But, there is another man in the Embassy -- like VELASCO who always answers the gate and is sometimes on duty at the gate (This is significant since VELASCO also worked the gates). He doesn't know this man's name but could identify him from a photo. (It was agreed that at the next meeting, B would bring along the latest LIRECDE photos for identification by L-9).

4. B turned the conversation to the physical plant of the Embassy, asking L-9 to describe the Ambassador's office. L-9 said that this office has been completely renovated, painted, new furniture, shelves, etc. The small cocktail table is still there (this is the same one as earlier fixed up with a transmitter). B asked L-9 to do a thorough running job of the Ambassador's office as well as that of his secretary, PERGRINA ALFONSO. When asked where the wooden Don Quijote carving, which used to be in the Ambassador's office, then in Teresa PROKHOVSKY's, is now located, he said he thought it was on Berggruen's desk. He was asked to observe this item carefully and notice whether the identical carving is still being sold where that one was bought -- somewhere on Juarez. Will do, he was asked to make special note of all valuable items in these offices such as pen holders, statues, buttons (there used to be several, of Marti and others, in the Amb's office) -- especially from which can be duplicated and easily switched. (If we could fix up a couple of subjects with concealed transmitters we could probably bring in a lot of sensitive information not available through LIRECDE.)

5. L-9 was told that at the next meeting he would be expected to furnish a complete sketch of the offices in which we are interested.

6. L-9 said that the telephones in the Embassy are all fouled up and that there is a standing request with the phone company for so soon to come in and fix them up, arrange new extensions, etc. (LIRECDE confirms this). L-9 feels that we are missing a good job if we don't have some of our people do this work.

7. L-9 is amazingly as conservative and more conservative. He is conspiring but demands a position. According to him the time of the very first meetings with this agent, he is not courageous, is afraid to "take action" even to the extent of closing off, e.g., the AVE, May, Five forgotten, what is your name, etc., etc. He also says that my question asked will result in immediate expulsion and similar will be done to me for such a long time he may well be in right since he is probably regarded as a quiet fellow who does his work and never asks any questions. To be sure, however, that we can -- we must -- get more mileage from him.

8. L-9 was paid 4,000 pesos for espionage. Next meeting = open.

9. Communication: It was agreed a date and place upon expiration of meeting time on the phone will be as follows: The meeting will actually take place one hour before the time mentioned. If an agreement is made to meet at 2100, the meeting will take place at 2000.

MEMORANDUM FOR THE RECORD
 FROM : Lawrence R. Barker
 SUBJECT : Meeting with L-9, 7-8 Oct 1963

1. A meeting was held with L-9 in his office from 2330 hours 7 Oct to 0015 hours 8 Oct.

2. L-9, responding to a question received at the previous meeting to do everything possible to ascertain the identity of the code clerk, advised that he thinks that ~~Lawrence R. Barker~~ may be the man. ROMA, as he is known around the Embassy, has just recently performed a few suspicious alterations to his office:

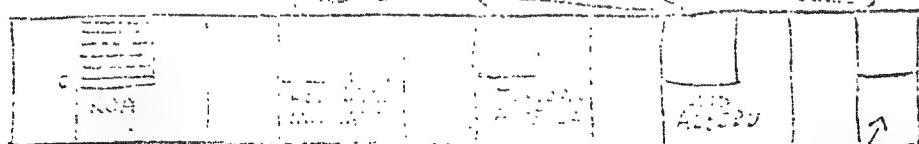

- (a) put up a locking door -- where none of his neighbors have one
- (b) installed a venetian blind -- ditto
- (c) installed a high-power fluorescent light fixture in the ceiling -- the others have older, weaker fixtures.

3. ROMA is often out of sight during the day. MURKIN recently made a comment that it was strange that ROMA is so often unavailable during the working hours.

4. L-9 was asked whether ROMA has a safe or lock-shotted file cabinet in his office. He said that it would thus seem unlikely that he keeps any code materials in this area. The new alterations would make it appear that he does do (or plans to do) some sort of work out of sight.

5. L-9 says that ROMA claims no relationship to the Cuban Foreign Minister, Amil ROMA. He is married to the late widow of a well-known Cuban painter named Mariano -- perhaps ~~Mariano~~ -- L-9 was sure, will check. His wife is now in Cuba "moving" a ~~new~~.

6. ROMA's office is in the same corner location occupied by ROMA, Teresa ROMA, Luis ROMA, and JUAN ROMA. A horizontal view facing the row of offices would show:

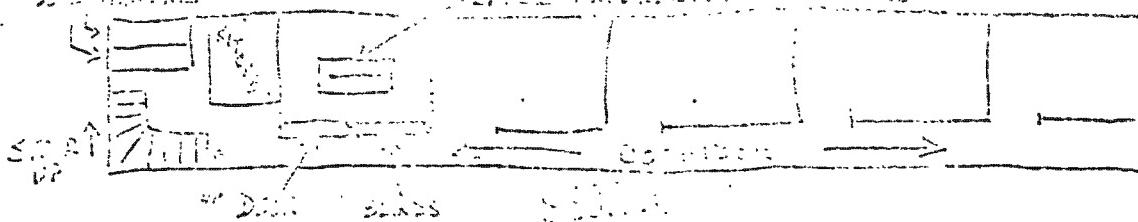

From above:

7. L-9 said that two large dogs, kept in a kennel during the day, are turned loose in the garden during the night. Another one, just a pup, has been seen lately.

8. L-9 said that the wood carving of Don Quixote (see last CR) is no longer in evidence.

9. L-9 was advised to get up every available scrap of information on PDA and to keep in mind our intense interest in the physical layout of the offices of the Ambassador and his secretary.

10. Next meeting - open.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker
SUBJECT : Meeting with LITMIL-9, 13 September

1. LITMIL-9 phoned Barker at 2335 hours 12 September and arrangements were made to meet at midnight. The meeting was held in S's car and lasted until 0100 hours. L-9 reported as follows:

A. On 9 August L-9 and his bodyguard, ~~ROSENZWEIG~~, ^{APARICIO} Morales, visited ~~ROSENZWEIG~~, Mexican大使 at stationed here at the Foreign Ministry, regarding the upcoming Architect's Congress in Havana. APARICIO asked ROSENZWEIG to get authorization for the Soviets to send a ship to Veracruz to pick up delegates and to land H-18's here in Miami for the same purpose. The request was on paper in the usual diplomatic form. L-9 was surprised to note that ROSENZWEIG was very cold and even unfriendly -- he told APARICIO that no decision could be made on the spot and that the Embassy would be notified by 11 Sept. As of the night of 11 Sept. no reply had been received and APARICIO was getting worried. A phone call was made to (fm) LIANO, an assistant of RICHIE BIG, but this yielded no further information.

B. U.S. Manager of Cuban Airlines in Miami, told APARICIO the other day that he had "fixed everything up with AEROCUBA" to solve the Architect's congress transportation problem.

Note: L-9's reason for calling this midnight meeting was to pass on the above in case we might be able to exert influence on the Mexican Government or Aerocubana to insure that the transportation problem remains a problem. L-9 said that all that is big concern these days is the Congress and that anything we might do to frustrate their efforts would be most worthwhile.

C. APARICIO was riffed when he failed to get invitations to a Mexican government function connected with the Philosophers' Conference now being held in Miami -- furthermore he didn't get invited to the Independence Day celebrations by the Mexican Govt. L-9 was invited to both functions and succeeded in arranging an invitation to the Independence Day celebrations for APARICIO who was very appreciative.

D. When former ~~AMBASSADOR~~ ^{AMBASSADOR} to Cuba for 1960-61 other day he remarked in L-9's presence at the airport that he expects a new crisis to materialize in about a month. He did not elaborate.

E. ~~AMBASSADOR~~ ^{AMBASSADOR} of the UN delegation, who has recently been in Cuba, is on his way back to New York. It was rumored when he returned to Cuba a month or so ago that he was in the darkness with his child, ^{DR. GREGORY} INDUSTRIAL, and would have to spend at least a year in Cuba for reorientation. The other day L-9 visited him at the Hotel Prado Hotel, where he was staying (aviding the Embassy completely), and PINTO exhibited a letter from (fm) ALIO OCHOA (might be ALIO OCHOA) which stated plainly that PINTO has the complete confidence of ^{AMBASSADOR} ("se ha de la total confianza..."). L-9 thus believes that PINTO

is returning to the U.S. with a high-class order for GARCIA
inhausted. L-9 says that FIDEL CASTRO is not a Communist.
When PRIMILLERS arrived at La Habana recently he spotted Fidel
CASTRO at some function but CASTRO paid him no attention.
He interpreted this as a compliment but in a later reception at a
foreign Embassy by Castro, Fidel looked him up, apologized for
not having spoken to him earlier, and was most effusive in
his praise for PRIMILLERS.

F. Former Ambassador MORTFORD and wife, here for the philosophers' meeting, are buying up car parts in order to get P's car back
on the road in Cuba. L-9 has been helping them -- said he would
take payment when he gets back to Cuba since the P's were running
short of cash here.

G. Dolores DE LAUZUN is still making a play for Ambassador
HERMANSON and L-9 thinks she is a communist to be interested in having
a fling with her. Betty BIRMINGHAM doesn't like Dolores and is
trying to discourage the Ambassador from getting involved --
Betty believes that Dolores may be a Khrushchev Government spy.
L-9 finds her excessive praise of Fidel CASTRO a bit phony and
told Barker that if Dolores is "one of our agents -- and, mind you, I'm not asking whether she is -- but, if she is..." that
we should tell her not to be so obvious. He said that Dolores
recently bragged that Fidel CASTRO had "had" her on a mattress
laid on the floor in Cuba and that while they were romping
around mice were scurrying all about the room.

2. L-9 was asked to try again to ascertain who the new code clerk is. He
was told that this person would have arrived shortly before SABOTHUS' departure,
would be close-mouthed, would work a lot in sight, probably in the basement, and
would appear to be quite timid in his handling on every occasion. At this a
light seemed to go on inside L-9's head and he said, "I know who it is, now --
but I don't know his name." Asked if this person lives inside the "Hotel," L-9
replied yes. The man he has in mind is about 30 years old, a light-skinned
Mexican, "very mysterious and reserved," and is an ex-Communist. L-9 said
he could identify the man from photos. He was asked to make every attempt con-
sistent with good security to ascertain this man's identity.

15 August 1963

MEMORANDUM FOR THE RECORD
FROM : Lawrence E. Parker
SUBJECT : Meeting with LIMA-1 on 15 August 1963.

1. L-9 was picked up on Shiers at 9:00 hours and driven out to a dark spot along Galileo where a meeting was held in Parker's car -- L was dropped off about two blocks from Shiers at 9:10 hours.

2. L said that he has noticed that the new Ambassador and APARICIO, ^{Ramón Mogaes} the new Cultural Counselor, are trying to live apart and "isolate" Mr. APARICIO seems to be doing the separating. Parker said that while he took care for himself, relating it to the system secretly occupied by Nico GARCIA who was, in turn, as far as he could regard that he wrote a blast to Havana complaining that he was being watched around by APARICIO.

Antonio

Lara

3. L says that the Ambassador, who he claims to be an old-line Communist, is a "real smooth customer" and tries to put his finger in most trusted people in positions of responsibility and authority holding those he does not have complete confidence in. L states that he is in this latter category because he is not a "big shot" and that part is well known. L plans to wait about two months to see how things develop -- in the meantime he will be a good soldier and do what ever APARICIO wants, but, if it appears that he is well on the way to becoming an "isolated" ideologist, he will, as he put it, "switch." He will return to PUEBLO of returning him to a single "bureaucrat" role -- saying "I think APARICIO is fully on record against "bureaucratism" -- and until you and we get in touch with CUSCO we have APARICIO put in his place. APARICIO seems bent on sending himself up as the only channel to "the people" and has written a report on the July doings in Tampa and Ciudad Trujillo which he gave to the Ambassador, but when he recently returned from Mexico City he was told to give it back to the Ambassador. Parker said he gave it to the Amb.

4. APARICIO is coming to Mexico City for the Pan American Health Organization's Congress. A number of envelopes arrived Saturday morning (17 Aug) containing information and instructions to the Consulate to forward to persons in Central and South America. Many of these are addressed to the Mexican embassies which bear no trace of Cuban origin and were sent through diplomatic pouches to be mailed in Mexico to avoid postal interception.

5. APARICIO is planning to live in a luxury residence -- wants to live in style away from the Ambassador.

6. A good bit of time was spent discussing the Ambassador in view of the fact that APARICIO is an asset to the Cuban intelligence services. The information will be incorporated into a report.

7. L believes that SIS-AMBASSADOR is a "softie" and classifies her as immoral, undisciplined, -- loose women, -- and untrustworthy. The Ambassador has not been so bad to work in the past, but he is not a good example to showing off her husband so might be approachable to some extent. It is believed that L has a very low regard for her.

8. L considers YANKEE SPYING to be so serious it is impossible to permit although he is friendly with the U.S. He has no contact with RICO who has apparently taken over the U.S. Embassy in Mexico City, Mexico City. He remarked that the wife of RICO's #1 official, Director, Mexico City office, is Deacons sister and that she was in the United States last year.

9. L said that during their May 1963 trip to Mexico City RICO confabbed to L in a joking way that some time ago he had told Ramon SIEGEL'S that he thought L was probably a spy. I responded that he is not the active type whereas RICO replied that many of us are not. (L was quite disturbed by this since he felt that Siegels right to be believed by RICO's Marxist and right here spread the story about his return to Cuba -- he said that RICO was very solicitous and friendly during their Mexico sojourn).

10. L turned over two pictures which depict the Cuban cultural affair held in Merida on 1 August -- these will be passed to the Nordic Base.

11. An Englishman came to Merida about 5 or 6 days ago -- a man about 62 years old, thin, blonde hair, grey hair, distinguished looking -- his name is HERBERT FREDERICK (not Frederick) and he has recently been on a trip which included Guadalajara. (Could this be HERBERT? He has kicked out of the U.S. and now lives in Mexico. He brought with him a list of persons who should be visited but by the Cubans since they were on the same side. This list was given to RICO and L managed to copy

12. L was recently talking to his wife, a cigar and name CAMILO who
has his shop on Calle Infanta. SOUSA recommended him to both Cuban people
in the Cuban Embassy, for various work he did. L said he suspected
one of them, X. VEGA, of having planted a bomb in the Cuban Embassy which
erupted so much time ago. L said he was to the Embassy the
morning before the bomb incident and that X. VEGA was acting suspiciously and
would not let him come in.

13. L said ARMANDO recommended him to the Cuban Embassy, President of
the Institute (Instituto Musical-Cubano, with a famous Culturalist Jose Marti)
-- CAMILO could be ranked to travel to Cuba -- L said he is too busy -- feels
that a good choice would be HUMBERTO MOLINA (to replace him).
CAMILO would be exceptionally good because he is a counselor to the President
of Mexico.

14. Regarding the Embajador -- L said he has been a family
living in the building since the Cuban Embassy came there, allicting an
agreement with the owner, now left. L said he had an interview with the
owner and found out that no such agreement had been made. L was assigned the
job of collecting them -- a policeman, a soldier, and one child. Some thought
was given to making some propaganda about "arrest or eviction" but L asked
that we not play it up since he has been doing a dirty job and he would
be blasted in the press if it were known.

15. L explained that he was not in the Cuban Embassy being given for
Armando Perez (Mexican Ambassador) to go to the Embassy on 14
August -- another sign of his being eliminated.

16. L produced a list of persons he could contact, through the
Institute, that they would like to appear on the mailing list for the
Embassy bulletin. (Attached)

17. L was advised to keep quiet about it so that it would not be
possible for ARMANDO to say later on it. L said he had instructed that the
Embassy can get along without him if he wants to. He said if he pulls his
strings with FIDEL CASTRO he will have a favorable position. He mentioned that
there might be a possibility that he would go to Cuba toward the end of the
year for vacations. He was encouraged to do so.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker

SUBJECT : Addendum to Contact Report on meeting with
LIEUTENANT-9, 14 August 1963.

L-9 also reported that he had just chatted with a Diplomatic courier at the Embassy and had told the courier, "You boys are the real heroes of our service---always on the go."

The courier replied, "That's true, Mr. Barker stop. There are only 11 of us altogether and we need a minimum of 16 to do the rounds properly."

3 September 1963

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Parker

SUBJECT: Meeting with L-9, 5 Sept 1963

1. A meeting was held with L-9 from 2000 to 2300 hours 5 September. L-9 reported as follows:

- A. L-9 now seems to be high society with the Ambassador -- in contrast to the isolation he reported in the last meeting. The Amb visited L-9's apartment on 24 August. (Note: Incidentally, L-9 has prominently displayed a portrait of Fidel CASTRO) and has been very friendly to L-9. (Note: It may be noted that L-9 had a spot in his coat, from last meeting, on the wall by his desk, and took out a handkerchief and cleaned L-9 off. L-9's boss, APARICIO, has apparently taken him in and has evidently been much more friendly. L-9 said he "slept in" a few days ago when, for the third time, an effort was made to show the location of his library in the Embassy -- this caused L-9 some discomfort had a very salutary effect on his fellow who was apologetic with his ruffled feathers.
- B. Prudencio AZQUE, the Consul, is leaving soon -- probably in about two weeks. He is on his way back to Cuba. (Note: He does not seem happy with the transfer -- would much prefer to remain in Mexico. (Note: Will get cable off to HQS as we can plus before he takes off.)
- C. The new Consul -- L-9 did not mention his name -- AZQUE's replacement, used to work for the Sherman Williams Paint factory at Reparto Batista, Havana, in the pre-Castro days.
- D. AZQUE recently remarked that the L-9iliar (fnu) MEDINA who visits the Embassy often "must be a CIA agent." He is not trusted by Embassy people.
- E. A man named Heriberto GARCIA is a Cuban who was employed by the Embassy here and who later returned to Mexico to work in the Foreign Ministry, is back in town but is not working. GARCIA never visits the Embassy. L-9 runs him down, says he is a boy of SOUZA who does most of the tailoring work for the Ambassador (and who appears often on L-9's tribal). GARCIA is a leftist and is a protege of Fidel CASTRO's secretary, Celia SANCHEZ. (Note: GARCIA is supposedly on one year's leave from Mexico. L-9 says, "he's not here" -- he thinks GARCIA is up to some "funny business"; he will not come near the Embassy like the plague.
- F. The Mexican government is pressuring Cuba for the Cubans to ship beans out of Mexico on Cuban ships. (Note: Meaning that Mexican bottoms must be used. (Note: L-9 says, "we get through our Embassy commercial section").
- G. Ramil APARICIO Roqueles was also present and in conversation with L-9 and the Ambassador -- reminiscing about times where both APARICIO and HERNANDEZ ARNAS both served, a son of a Brazilian politician named Pio CORREA -- said that Pio had made some strong anti-Castro statements

including the Minister of Justice, etc. This may be would subject CASIUS Johnson don't know if he would be suspended or even being imposed on people when I say he was very strict. PARMELO heard of this and probably had some influence with influence on the newspaper formal to Brazil. He wrote a big article in the paper which succeeded in damaging L-9. (PARMELO was quite proud of this operation.)

- H. Ambassador MURILLO recently told L-9 that he had received some "inside" info regarding the situation of Col. David Alfaro SIQUIEROS. Someone had told DELEG Order that L-9 was a terrible thing that the LOPEZ Mateos admin. would go out of office with this SQUIEROS affair on his hands. L-9 said Order replied that it was S's fault - that his records were a "political thing" of the case by presenting the Mexican government with a 10,000 page "elistor" which was really an accusation against the GOM. On another occasion it appeared that S might be recalled soon and S remarked sarcastically that this might be the last visit the American Embassy would see him. This made DELEG angry and all over again and he resolved that S would not find him.

- I. The Cuban Embassy has run out of paper for its bulletin and has not been able to get any more. An appeal was made to the Soviet Embassy for reprint but the Sovs turned them down.
J. Twenty pre-paid tickets for Mexican delegates to the Architect's Conference have arrived -- L-9 was not able to learn the names of the lucky twenty. The National Union of Architectural Students has chosen two delegates to attend the congress --

Transcript of L-9's talk to
Roberto

- L-9 turned over a pre-printed list for the Congress -- said there are "members" of this at the Cuban Embassy mailing distribution. (Sample was given to CIOBRA and C.I.C.)

- K. The "squatter" incident at the hotel of the Cultural Institute has been round out (see L-9's report yesterday) -- L-9 handled this and it went smoothly. A man from the U.S. now resides there -- old man named as the manager of the Institute -- his wife and daughter work at the T. G. W. Hotel in Mexico. (Note: The maid of LEMBED-22 and LEMBED-23 became very friendly at the market with a large year-old girl who works as a maid at the Cuban Embassy -- this is why we call her "Milk Girl" - LEMB!)

- L. The cultural assembly of the French delegation brought for a former LUGUET, Ambassador to Brazil, to the library to see him. LUGUET offered to let him go to Brazil to see L-9 and to get his visa. LUGUET also offered to help him go to Cuba. LUGUET is on an around-the-world tour and is making a scholarly trip from one Francophone State to another. He wanted letters of introduction to Caracas, Bogota, Lima and others. Ambassador HERMOSO came along and LUGUET mentioned that the Frenchman came to see L-9. LUGUET offered to help to accompany the distinguished guests back to the French embassy.

- M. With AGCH's coming transfer, L-9 feels that we may have a chance to "get to" Silvia PERNY who will not have any ties of loyalty to the new Consul. On the other hand, she may not be retained.

- N. L-9 met Dame CISTERO at the airport before return from Cuba. He asked her how Fidel was getting along. She replied that Fidel is very busy trying to cope with the guerrilla incursions.
- O. Engineer Victor LOHMEI came to the Embassy the other day and was stopped by STAFF, the chauffeur, who told him he must use another entrance. L-9 approached and escorted LOHMEI through the gate. Later STAFF apologized to L-9 -- said he did not recognize LOHMEI.
- P. The Cuban cultural institution at Tijuana has a weekly radio program (Sat or Sun after 7 p.m.) of Cuban music which is broadcast regularly by station XHTO Tijuana. The cost is only 40 pesos per broadcast!
- Q. Former Ambassador PORTUGAL, an intellectual, recently sent L-9 an inscribed, autographed book. Ambassador HERMOSOZ and APARICIO were both impressed by it and a little jealous because they were left out.
- R. ~~Hugo~~ ^X ~~Alvarez~~ ^X a Chilean engineer now at Liverpool 179, Mexico City, and who has visited L-9 a few times, is trying to get a visa to return to Cuba but the Emb. won't give him one. They suspect him of being on the communist politically. APARICIO thinks that he should be given a visa and then watched inside Cuba.
- S. ~~Gilberto~~ ^X ~~BALIN~~ ^X ~~Parapara~~ ^X a Paraguayan who maintains farms at Merida and Mexico City, gave a talk on 23 August at the Escuela Superior de Medicina Rural, regarding the public health situation in Cuba today. This man is now with USDAO.
- T. "Licha" -- a girl who works at the embassy -- daughter of a Communist who formerly organized building for Ambassador PORTUGAL CHOC, was attacked at 3:00 p.m. Saturday last (31 Aug-?) on Reforma -- some shots were fired at her and made her get into a car; she was therefore slightly delayed and in the rain ruined her gold shoes. L-9 believes that this was no ordinary robbery -- had probably been setup.
- U. An architect named CONDE is trying to emulate to get a visa recently.
2. L-9 identified a number of persons from publications noted on photos.
3. L-9 was paid 1,000 pesos for drugs and 100 francs for "liquor."
- b. He was shown about Stanislaw KAZMIEROWSKI, painter, from Warsaw SPINA, Pole; and Wladimir PUSKIN, Czech -- all three of whom he claims to have personally no contact with these people but might be able to answer questions. APARICIO is interested in his paintings. L-9 will look into possibilities of getting closer to some of these people -- he does not appear to want to do so. L-9 feels that the Polish cultural attache (possibly SPINA) admitted one of them to get out of Paris.

5. A rather lengthy discussion of L-9's future was held -- at L-9's initiative. He said that he had apparently made contact with the Ambassador -- all signs showed that the Ambassador likes him and was depending on him. Dody SOLIZANDO recently told L-9 that he was very happy with L-9's work. Nevertheless, L-9 feels that maybe he has been hanging too long -- maybe he should try to write a "transistor song" -- and where there would be no lingering suspicions. Asked where he could go to go, he quickly singled out Mexico and admitted that his prime reason for wanting to go there is a desire to perfect his English (which is quite good already). Agent told that we would be very interested in continuing his services after he might go but that, frankly, he was of more value to us here in Havana. Many other countries also with the possible exception of Havana. The discussion turned off after the trip and metamorphosed into quite an exchange of mutual philosophies. L-9 again explained his motivation -- as he sees it -- and expressed great satisfaction over being able to do something for Cuba by cooperating with us. He said that he has a strong desire to get back to painting and has asked the Ambassador if he might take wire off in the afternoon to paint -- that he is building up to an application if he cannot paint -- the Ambassador readily agreed and said that since L-9 has a phone at his apartment he could quickly be reached if needed at the factory.

6. L-9 is thinking of going to Cuba or Venezuela in December -- was encouraged to do so. A vacation, even in Cuba, would probably do him a lot of good since he is obviously feeling the pressure of having a double existence. He is still worried about his security (he likes to know that this has been a problem from the beginning) and fears that if he goes, it he might be discovered. At the same time he is impressed by C/o's cleverness and seems to be getting some enjoyment out of his activities on our behalf. A very nice degree of rapport between C/o and agent has been established and L-9 seems to be looking upon his C/o as a trusted friend.

7. NEXT MEETING: Left open -- contact will be by phone.

Add to Para 1:

V. Dolores DE LA MORA stated she can see the Ambassador who took a skin to Spain. DR. J. P. PAPENHOLZ informed her that Dolores is fully aware of this and that he would be well to avoid any contact with her.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker
SUBJECT: Meeting with LITAMIL-9, 29 July

Revised from Project *LITAMIL-9*
CS Classification: *50-6-10513*
JOB # *66-4410*
Box: *2* Fold: *3*

1. LITAMIL-9 was contacted by phone at his home at 0815 hours 29 July and a meeting set up for that night. The pick-up was made on Thiers at 2100 whereupon Barker drove L to his, B's, home for the meeting. Driveway lights were out and B's car was driven inside by the door to B's home where L alighted and scooted inside. The meeting lasted until midnight when L was dropped on Melchor Ocampo not far from his home. The decision to use B's home was made in view of the difficulty of transacting much business in an automobile and the good physical security afforded by the layout of B's home in Lomas. It was decided that the time had come to reveal B's identity to L since a social encounter in diplomatic-consular circles was inevitable sooner or later -- furthermore B is reasonably satisfied that L is sincerely devoted to the anti-Castro cause and not playing a double game. The relaxed atmosphere in B's home contributed materially to mutual rapport building between L and B. L was quite impressed with the many books in evidence and showed great interest in some of the paintings and furnishings in the house, saying "Es evidente que es Ud. un hombre muy fino."

2. L explained that he had just arrived back in Mexico City on the 28th -- after an extended trip to Tampico where he was very successful in staging an exhibit of Cuban engravings on 20 July and a big affair at Ciudad Madero on the 26th celebrating the anniversary of Fidel Cuartel Moncada attack. He exhibited a number of newspaper clippings and photographs concerning these events and said he was more than ever "in" with the Ambassador for having sponsored these two events. He may go to Merida on the 31st to represent the Embassy at a meeting of the Jose Marti Cultural Group there. After that he plans to rest on his laurels and devote more time to painting. He seemed somewhat concerned lest the Mexican Government give him trouble in view of his recent activity for the Embassy -- explained that a boy distributing leaflets in Tampico had been picked up and arrested. B explained that it was highly unlikely that the Mexican Government would take any action against a diplomat who was simply (in their eyes and those of everyone else) doing his duty. It is to be noted that L is not the courageous type -- he is constantly expressing fears that he might get into trouble, this even when his actions are those which would normally be expected of a man in his overt position.

3. The greater part of the meeting was taken up in going over a large backlog of LIERODE photographs. L made the following identifications:

104/34 - 23 July	"Rolly" - Embassy employee in the Commercial Department	MICROFILMED HCU 23 1963 DOC. MICRO SER.

5. L said that the pilot of the daytime Cubana plane on the 26th (this may be Pepe de CARDENAS - LEAD!!!) told him at the airport that he was all tired out — had been flying for 20th solid, often to Prague — said the new pilots are "muy Patria o Muerte, pero no sirven como pilotos".

6. L was given his July salary of 1,000 pesos and signed a receipt but used a different rubric this time. He will be given a pseudonym for signing purposes in the future so his receipts will bear some uniformity.

7. On the way back to Polanco to drop L off L remarked that he very much appreciated the security measures being taken to protect him — likes our way of doing things.

"TRAVELLER"

8. Explore lead to Dr. DOBAL (see Elsa DOBAL, above) to see if we can get to him and possibly recruit him for ~~XX-XX~~ program. L suggested we might wish to approach him but asked that he not be used to make any approach. Says DOBAL is a enemy of the regime, is a well-respected physician in Cuba, made a lot of money in the old days, would only go back to hold onto what property he has there.

COMMENT

9. L will probably not be very productive for a week or two if he goes on the road as in the case of Tampico and, now, possibly, Merida. When he does settle down he plans to stay put in Meri for quite a while and should get back into the swix in short order.

10. Likes Scotch Whisky — downed two at B's home. Light drinker.

MEMORANDUM FOR RIF RECORD

FROM : Lawrence F. Barker

SUBJECT : Meeting with LFVIL-9, 11 July 1963

1. At about noon 11 July L-9 phoned Parker's home, spoke in English with Mrs. B and said he would call again at 2000 hours. At 1945 he phoned again, B answered, and it was agreed that B-9 would meet at 2100. Accordingly, at 2100, B picked up L at the corner of Gutierrez & Gutiérrez (circle at Polanco), the same contact point Shreck, L's former case officer, used to employ. B-9 drove on out to Tomás and parked for a long talk. L was dropped off about 4 blocks from his home at 2245.

2. I explained that he had phoned Parker twice at Parker's old Manta address after returning from Veracruz and before going on to Tampico -- no answer either time. It developed that L had been using a wrong number -- replacing 20 with 30. L was quite embarrassed about this blunder, saying, "It's the first time I've ever done anything like that."

3. The meeting was conducted entirely in Spanish. It was a classic of sorts -- almost as though a script had been prepared beforehand. What it amounted to was an understandable and quite obvious, although not direct, attempt by L to sound out his new C/C in various ways to decide whether he wished to have his life in the hands of B -- a hitherto unknown quantity to him.

4. I began by stressing the dangers inherent in his position and confronting him as posed by the recent arrival in the Cuban Embassy of a number of highly-qualified, hence dangerous, people -- the new ambassador and the new cultural counselor are two examples. I pointed out that these people are of varsity quality and representative of a new breed of Cuban diplomat, more cultured, more intelligent, and in many ways much better qualified than their predecessors. I felt that out of respect for the caliber of the opposition we should take extreme security precautions in our future contacts and meetings. B readily agreed and pointed out that contact points should be varied and away from the main streets of Polanco which have recently been made more dangerous by being strung with bright new street lights. I said he had the same idea in mind. I said he did not wish to follow the old pattern of parking in the Embajada district since this in a parked car in that area could be assumed to be up to no good, perhaps casing for a robbery, and, in any event, would be hard pressed to explain this in preface to the satisfaction of an incoming policeman or watcher -- furthermore, the mere presence of a car in this area would arouse suspicion and might lead to checking of its license plates or subsequent mobile surveillance. I asked L to case his neighborhood for better contact points, note these on a map, and be prepared to discuss present ones at the next meeting. I explained that our only action must be directed at the protection of L. I sealed this unbreakable trust up like a sponge and showed his appreciation.

5. B asked L that he would reply if he were to be approached in his office on the morning of 12 July by one of his co-workers and asked, "What was that gringo type you were seen with last night?" This drew a rather lengthy and awkward silence -- L could come up with no answer. B then gave him a short course in cover, throwing in lots of examples from real operations (selected from 3½ years of FBI/TACU instruction experience) and a few

Act to H/MNA 21743 15 July 63 by [unclear] SC - 6-10523

suggestions for action cover. It was generally agreed that B.M. might never need to use a cover story to explain his association in view of the resort to clandestine right-wing meetings, but also agreed that such a story should be agreed upon in advance, just in case. I suggested that this cover might be related to L's activity as an artist and portrait painter. L was advised to give the subject a lot of thought -- B.M. will discuss at the next meeting. An interesting sidelight was that L (probably referring to E's use of numerous European examples to illustrate the use of cover) said, "You're a lot more European than Shryock -- I can tell that you've had considerable experience there." Parker acknowledged this although he has never set foot in Europe. Incidentally, L showed throughout the meeting a very high regard for Shryock.

6. L tried to explain his major operandi aim, almost apologetically, explained how he had made arrangements while in Tarraco for a big cultural exhibit by the Consulate there on 21 July. He hoped we would understand that he felt he had to do this, explaining that he could "live off" the prestige gained therefrom for a couple of months. B explained that it was essential for L to do his own job and do it well, that if he succeeded in winning over a few people to Fidel Castro's side we would not be upset -- that we want to be a pair of eyes and ears and a good brain inside the embassy -- if L does not do his own job well sooner or later he will be on the outside and will all be the losers. B explained that in his experience in handling CP penetration agents he had often come up with similar problems -- the agents found it difficult to believe that we really wanted them to act like Communists and go out at night to paint "Workers Go Home" on the walls -- but, that if they failed to be good Communists, we would soon be minus good assets. B told L not to worry about the consequences of his ostensibly performing well on behalf of the Castro government -- yet at the same time L should not step out of character and become a rabid Fidelista. At this point L sighed, threw up his hands, and said, "Now I can see that we are going to get along wonderfully (a los mil miraculias)."

7. L explained that one factor always in his favor is the fact that he is known to be well connected with Fidel -- that persons in the embassy are never sure he is not more than what he appears to be on the surface and that no-one in the embassy really dared to "take him on" in any dispute lest he pull his strings with Fidel. B acknowledged the value of this "aura" and advised him to keep himself somewhat of a mystery to his associates insofar as the connection with Fidel. L remarked somewhat modestly that AGRA had recently told him that he was especially valuable to the embassy precisely because he does not rant and rave about the imperialists, does not make wild Fidelista propaganda, but convinces people because of his obvious culture and intelligence.

8. When B gave L his June salary of \$1,600 pesos L asked for the receipt before it was in evidence, and signed it without hesitation. He then launched into an explanation of why he accepts money and why he was being what some might term a "traitor." B tried to cut him off but he would not be stopped -- wanted to set the record straight. It is always that he is a sincere, convinced ideological opponent of the Castro government -- he was determined to make this clear, and did so eloquently.

9. L impresses B as an exceedingly valuable agent with great potential -- highly cultured, intelligent, operationally "savvy," ideologically motivated -- a person who must identify closely in a personal way with

his case officer. By the end of the meeting I was obviously impressed with B's outstanding professional competence (the meeting was heavily salted with tradecraft instruction and questions from experience) and a very friendly atmosphere reigned although it will probably be sometime before I have the sort of personal respect for B that he has for his former C/O.

10. Little of intelligence value came from the meeting -- I had just returned to Mexico City from extended trips to Monterrey and Tampico -- arriving the night of 10 July. He got back just in time to attend an embassy press reception at which he was interviewed by USREPRESENTATIVE of the Soviet Embassy who inquired about his views on the Cuban missile issue and nuclear disarmament. NOT the hot giving out anything -- just asking, and he got the standard PRC line upplies for his efforts.

11. A meeting will be held before 20 July when I am due to depart for Tampico to set up the 21st of July exhibit. I said that the best time to contact him by phone at home is between 0700 and 0900, preferably at 0800. At the next meeting he will report at length on topics of intelligence interest and arrangements will be made for more secure contact in the future.

12. Barker advised him to always speak in English when he phones Barker just in case someone might be listening -- his voice in English would be much harder to identify.

TO BE DONE:

SINOPAS told L-9 to investigate the names and to bear in mind that their political ideology is of utmost importance. L-9 was amazed that SINOPAS gave him this task as it appears to fall into Manuel VEGA's bailiwick, i.e., G-2. L-9 plans to take advantage of this task to find out about their friendships. The names are as follows: Xango FERNANDEZ, Armando X. RIVADA, CIR MEXICO, Eduardo OLIVERA, Victor X RIZ, Levicena and Leonel APONTE, CIR MEXICO. X. RIVADA. NOTE: FERNANDEZ was previously reported by L-9 to be a close friend of Teresa PROENCA P., who has advised him re education see previous memo re same. Memorandum for the Rec'd
Subject: LITAVIL-9

SECRET

On 7 May 63, LITAVIL-9 called and a mtg was arranged for 2115. I picked L-9 up at usual rendezvous point and we drove to outlying area where we parked. NO SECURITY PROBLEMS WOULD.
Time: 2115-2215.

LITAVIL-9 reported as follows:

1. ZELAYA, who has replaced Francisca "Pepita" CALVO Zapata as Director of the IMCRC. L-9 said that ZELAYA is very young and that he was talking with her shortly before he saw me. (L-7 reported previously that Tania ZELAYA replaced CALVO). L-9 said that CALVO's reason for resigning was because of her studies. This is same info provided by L-7.

RE SUBJ ACTS

2. On the morning of 7 May 63, Baron SIMEONAS Casado, Cuban Charge, called L-9 to his office and told him to get in touch with DE GORTARI, ^{CIT MEXICO} Mexican Communist, and make an appointment for SIMEONAS to see him. L-9 called a number where DE GORTARI previously lived and was told that DE GORTARI had just moved to Rosas Moreno 70, ^{MEX CITY} this address and DE GORTARI was not in but he talked with his wife. She said that SHE he would be in about lunch time and L-9 returned to see DE GORTARI at that time. DE GORTARI said that because of the "ticos" etc he would prefer not to go the Embassy (i.e. it was not convenient for him to go the Embassy because of the political situation) but that SIMEONAS should go to see him. An appointment was set for 1700 that afternoon at DE GORTARI's house. L-9 returned to the Embassy and SIMEONAS was very appreciative for what he had done. He overwhelmed L-9 with "gracias" etc. SIMEONAS said it was important that he see DE GORTARI because he had to discuss "un asunto delicado".

3. L-9 reported that a cable was received from Havana which moved up the flight scheduled for 20 May (Cuban Independence Day) to 26 May 63. L-9 does not have any idea why this was done. I suggested that possibly they were waiting for the arrival of the new Amb and he not arriving until after the 20th. L-9 said he has no info re the arrival of Joaquin HERNANDEZ de Armas, new Cuban Amb, but that LICHUSA told him that HERNANDEZ was coming which indicates that the New Govt has accepted him.

4. L-9 said he had the "watch" at the Embassy from 0200 until 0400 on the morning of 7 May 63. He said that ~~RODRIGUEZ~~ ^{CIT MEXICO} was to relieve him at 0400 but he did not show up. L-9 said that ~~JOSÉ MAGISTERIO~~ Gómez came down stairs at 0530 to relieve him. ^{RE SUBJ ACTS}

5. L-9 said that while he was in Havana he was able to get a new regular passport in addition to his dip. passport. He said that after he had obtained the passport and was talking with ROA, the latter asked him why he got a regular passport. ~~EXCELENTE~~ ROA asked him if "Conchita" FERNANDEZ had told him to get it, and L-9 told him no but that he understood that all diplomats were to have two passports to facilitate travel if necessary. ROA did not push the issue any farther. Interesting to note that ROA was aware that L-9 had received another passport, i.e. regular.

6. L-9 reported that Maria Eusebia MORIN, Cuban militia woman, whom L-9 recommended for visa is scheduled to arrive on 8 May 63, i.e. today. L-9 said that he had not heard there was flight on 8 May but according to MORIN there is. L-9 said that MORIN, whose husband (by proxy) is in Miami should have info of interest. He said that he and his brother (Leonel) will get as much info as possible from her. She will be living at the home of Leonel until she gets her visa to the U.S.

7. L-9 said that while at Teotihuacan about a week ago, Mr. WEIL, U.S. Cultural Attaché, approached him and shook hands with him. Memorandum for the Record

Subject: LITAMIL-9

On 18 June 63, I met LITAMIL-9 at the usual rendezvous point and we drove to an outlying district of the city, where we held meeting. NO SECURITY PROBLEMS NOTED. Time: 2300-2400.

LITAMIL-9 reported as follows:

1. As previously reported, AMB HERNANEEZ de Armas is scheduled to arrive on 21 June 63.
2. Jose PAZ Leon, ^{CIR CUBA?} Carlos BALOSARPI Abreu, Jose MARTINEZ Socarras Cuban delegates to the FAO Seminar arrived in Mexico on 17 June 63. L-9 said that PAZ told him that he had been in Mexico in 1957 and had met a Costa Rica who later died in an automobile crash. According to PAZ, the Costa Rican was a red hot CASTRISTA.
3. L-9, after all others in the Cuban Embassy had refused to help ^{SEAF} Emma CASTRO de LOMELI get several boxes of medicine on the plane, was able to convince the steward on the plane to take the boxes. AZCUE, Jorge ROJAS, "Nico" GARCIA among others were involved and did nothing, stating that it was strictly against orders to put any more cargo on board the plane. GARCIA who was supposed to have helped Emma CASTRO disappeared and could not be found. L-9 said that Emma CASTRO was with her husband, "Fofó" GUTIERREZ, Orquidea PINO and Odilia PINO de CHAUMONT.
4. The steward on the plane on 17 June 63 told L-9 that the Britannia which came in to Mexico was completely overhauled in Cambridge England to the tune of \$2,000,000 U.S.
5. On 18 June 63, L-9 took a letter to the secretary of José GOROSTIZA ^{CIR CUBA? RE LETTER} in the Foreign Office for GOROSTIZA. The letter was given to L-9 by Buenaventura REYES Acosta who told him "Tenga cuidado con esta carta, es para GOROSTIZA". The letter came in on the 17 June flight and L-9 believes that it probably has to do with the new Cuban Amb, Joaquin HERNANDEZ de Armas.

CIR CUBA?

6. Ramon SINOBAS was looking for Eli de GORTARI's address again re a Philosophical Congress to be held in Habana. L-9 said that he is giving the case to Jose FERNANDEZ Roa ^{CIR} ~~54697~~ to handle. L-9 believes that GORTARI will be the "recruiter" i.e. it will be he who will choose the delegates from Mexico.

RE SUBJ ACTS

7. On 18 June 63, L-9 went to find the Mexican chess champion re an invitation to Cuba from Raul ROA. L-9 went to the following address: Panama 1009-13, where Jose ARAIZA Vazquez, reportedly lived. L-9 did not find ARAIZA Vazquez but his son Jose ARAIZA Munoz or Muniz, who told L-9 that his father, a Colonel, was presently living in Torreon at the following address: Pagaduria Militar, Palacio Federal, Torreon, Coah. The young ARAIZA said he would write his father soonest but he made no statement as to whether or not his father would accept the invitation. The young ARAIZA is also a chess player. Young ARAIZA hangs out at the Club de Ajedrez on Insurgentes Sur 219.

8. L-9 reported that Eusebio AZCUE's wife brought in many boxes from Habana for Dr DOVAL, father of Cuban girl in Mexico and anti-CASTRISTA. DOVAL, who is expected to come to Mexico soon is reportedly returning to Cuba but L-9 does not believe he will return. DOVAL's wife is in Mexico. L-9 is amazed that AZCUE is helping the DOVALS who are definitely against the regime. (COMMENT: See previous memo re DOVAL's daughter who visited the Embassy a few months ago re her Father's case.)

9. L-9 reported that Vicente CAMARA is still looking feverishly for a new site for the INSEC. He said on 14 June he was with CAMARA and they were looking at a place on Reforma. Upon entering L-9 recognized the owner as a friend and whispered to him in an aside not to rent the place to him.

10. L-9 provided the attached IMCRC programs.

Memorandum for the Record

Subject: LITANI 9

On 20 June 63, LITAMILL-9 called to report that he wanted to see me urgently. He said as early as possible. A meeting was scheduled for 2030. I met L-9 at the usual rendezvous point and we drove to darkened area of the city. NO SECURITY PROBLEMS NOTED. Time: 2030-2045.

LITANI-9 reported as follows:

- CIR MEXICO AG SUBJ ACTS*
1. L-9 reported that the letter he delivered to Jose GARCIA's secretary per previous memo was written by Pres DORTICOS and addressed to Pres LOPEZ Mateos. L-9 said that Buenaventura REYES asked him whether he had delivered it and added it was ~~XKRTI~~ "de Presidente a Presidente".
 2. L-9 reported that the woman whom we have not been identify and who works in the Consulate showed up at the Consulate at 0945.
 3. L-9 said that "Fanny" a ~~NUMBER EXCEPTING~~ fine bred dog owned by Humberto GARCIA Moreira and ~~CIR CUBA SUBJ'S DOG~~ left at the Embassy when GARCIA went to Cuba is lost. JORRIN said that he got out of the gate and ran after a cat. L-9 believes that GARCIA should be told that his dog was allowed to get out of the yard and ran away. He said that GARCIA was very fond of the dog and will be upset when he hears they lost it.
 4. L-9 said that the old homestead of Jose KRTI which was being considered as a possible site for the IMCRC is occupied and is "out" as faras the IMCRC is concerned.
 5. L-9 said he received his checks from the Cuban Govt, that they had been delayed in Canada etc.
 6. L-9 said that Cubana arrived about 2200 on 19 June and did not leave Mexico until the evening of 20 June. He said a Cuban dip arrived on this plane en route to Toronto.
 7. See attachment/

LITAMILL-9

On this date, L-9 reported that Raul ROA sent a cable to Mexico asking that someone oversee the arrival and departure of murals and sculptures to and from Mexico. Ramón SINOBAS chose L-9 as the man to do the job. L-9 reported that the Cuban vessel Las Villas was scheduled to arrive the night of 28 June 63. The vessel was not to tie up by rather lie off the port and await the arrival of either a Panamanian cafetero or a Scandinavian YILIK ship. This ship will take on the murals and other items at sea, then proceed to Tampico where the items will be unloaded again. They will then be put aboard a Brazilian ship and taken to Rio De Janeiro, where they will be exhibited at the BIENAL. SINOBAS told L-9 that he should stay in the area i.e. Veracruz and Tampico until the ship leave with the items on board. They ~~THE~~ murals will leave Tampico either the 1st or the 4th of July 63. L-9 was asked to leave for Veracruz as soon as possible.

In view of the above, it was necessary to introduce Bob Shaw to L-9 later on in the evening. A meeting was scheduled for 2400, at which time I was introduced to L-9 and contact arrangements were arranged. L-9 then reviewed in general terms his position re the Cuban Embassy personnel, his opinions on the Cuban situation in general and on personalities in the Cuban Embassy in particular. The meeting ended at 0130.

On 16 June 63, I met LIFAMIL-9 at the usual rendezvous point and we drove to outlying district of the city where mtg was held. NO SECURITY PROBLEMS. Time: 2350-2450.

LITANIL-2 reported as follows:

1. L-9 reported that he saw LIBANIL-3 at the funeral of CAMPOS ORTIZ and shook hands with ~~XXX~~ him. L-9 reported this previously.
 2. A cable from Raul ROA, Cuban Foreign Minister, requested that the Cuban Embassy in Mexico, invited the champion Mexican chess player to participate in the chess championship which will take place in Havana in July. Ramon SIMORAS gave L-9 the assignment to get in touch with the Mexican and invite him. L-9 will do and will provide further details on the case as they are available.
 3. On 14 June 63, L-9 told Ramon SIMORAS that Dolores DE LAVICRA had called him and she wanted to discuss the Architectural Congress with him. SIMORAS told L-9 not to pay any attention to her because she is "muy enredadora", i.e. she fouls up the detail, gets things involved more than necessary etc. This is an interesting comment on the part of SIMORAS, who has taken a liking to L-9. L-9 believes that this is DE LAVICRA's sincere opinion of DE LAVICRA and indicates that she is not quite as important as what she thinks she is. SIMORAS added that CELIS, ~~the~~ is handling the Congress invites in Mexico and already has about 20 architects, who are going to go to Havana for the Congress. L-9 said he did not know CELIS' first name but he is very well known among Mexican architects.

England on 17 June with a britannia plane for overland. The crew was then going to the Soviet Union to pick up an Iluyshin 18. L-9 said that the plane that arrived on 14 June 63 was repainted and had just returned from Cambridge, England where it had been overhauled. San Agustino also told L-9 that there is a terrific need for meteorologists in Cuba. He said that the four young meteorologists who graduated in Mexico on 14 June will be put to work immediately. He said the situation re aviation meteorology is extremely acute and serious.

6. L-9 said that three or four paintings have arrived from Cuba for Amb. Carlos LUCHA Revia but that Carga Aerea has not picked them up at the Embassy. L-9 went to Carga Aerea offices and he was told that the Procuraduria has been inspecting all material re Cuba and although they have been shipping they will not go to the Embassy to pick up material. The Cuban Embassy, therefore will make arrangements to send the paintings to the Carga Aerea offices.

7. L-9 said that on 13 or 14 June, a Procuraduria agent went to his brother's apartment and queried him on the activities of ~~Armando FNUJOL~~ ^{CIA AGENT RE QUERY FOR INFO CONSUB BY} his working associate in Mexico. The agent wanted to know how FNUJOL got into Mexico as there reports indicated he had entered the country illegally etc. L-9 then showed me two summons from the Procuraduria, one for him (L-9) and one for his brother. They are both to report on 24 June 63 "para la practica de diligencias de invertiacion penal....". L-9 is to report 15 minutes after his brother. (COMINT: L-9 said at there is a well known Cuban Communist by the name of Armando FNUJOL and it is his opinion that the Mexicans have confused the two men. On 14 June 63, the CDIEM office sent a memo to this office in which L-9's brother and Armando FNUJOL were named as Communist agitators in Coctlan, Jalisco. If L-9 ever finds out his brother is being called a Communist he will probably want to get out of the Embassy as soon as possible. XX Win - let's discuss)

Subject: LITAMIL-9

(P) *6-jobs*

On 11 June 1963, I met LITAMIL-9 at the usual rendezvous point and we drove to outlying area of the city, where mtg was held. NO SECURITY PROBLEMS NOTED. TIME: 2200-2245.

LITAMIL-9 reported as follows:

1. On 11 June 1963, TELLEZ, fmu (possibly Spaniard) of the FAO called L-9 re the Seminario de Extencion Agricola and told him that the Seminario had started but there were no signs of the Cuban delegates. TELLEZ said that he had received a communication from the Cuban Foreign Office asking the FAO to request visas for the Cuban delegates because they were notable to get them. TELLEZ said that the FAO had formally requested the visas for the Cuban delegates.
2. On 11 June '63, Innacio LOPEZ, aka "Tacho", Mexican ^{CIR MEXICO} ~~photographer~~ ^{doc!} was at the ~~Embassy~~ with a friend, ~~XXXXXX~~ who wants to go to Cuba re moving picture industry. Teresa PRONENZA told LOPEZ' friend to write to Jose Antonio PORTECHOCO, former Amb in Mexico and he would activate the request in Cuba. L-9 said that LOPEZ, in 59-60, went to Cuba to make a picture for AZCARMAGA but that ~~XXXXXX~~ AZCARMAGA was very unhappy with it because it was purely propaganda. L-9 said that A-b MASSIP at that time told him (L-9) to pick up the picture at the aduana but not to turn it over to LOPEZ. L-9 got the picture and brought it back to the Embassy. After a good deal of hickering LOPEZ was finally able to obtain the picture from the Cuban Embassy. L-9 does not recall the name of the ~~XXXXXX~~ picture but is quite certain that LOPEZ was unhappy about the whole thing.

4. PROENZA told L-9 that Marta AGUIRRE, Cuban intellectual, became disgusted with the Consejo Nacional de Cultura and left to teach at the Universidad de Havana. PROENZA said this during a conversation with L-9 re advisability of working in Cuba. PROENZA and L-9 both agreed that they would not want to work in Cuba. PROENZA gave L-9 the idea that she might be going to Paris. L-9 believes that Coty SOLERZANO might have brought this word back to PROENZA from Havana.

5. On 11 June 63, Horacio VELASCO Sanchez told L-9 that he had arranged to send a Mexican Art exhibit to Cuba. L-9 said that PROENZA had previously reported this. L-9 described VELASCO as "un demonio" and has always referred to him as a dangerous anti-U.S. type.

CIR MEXICO RE SUBJ ACTS

6. PROENZA told L-9 that Horacio VELASCO told Coty SOLERZANO that L-9 was doing a terrific job etc. VELASCO has been extremely nice to L-9 since his return from Havana.

7. L-9 said he has noted an obvious coldness on the part of Manuel VERA, Peru, Chief Curator G-2 in Mexico. RE SUBJ ACTS He said he hardly says hello. L-9 believes it possible that "Conchita" FERNANDEZ said something to him in Havana re his remark several months ago re L-9's plane ride with ALILOO 3's pilot. L-9 said he told FERNANDEZ about this remark when he was in Havana the last time. L-9 plans to approach VERA and if he reacts coldly he will ask him what is bothering him.

On 11 June 63, LITAKIL-9 reported that Ramon SNIORAS Casado, Cuban Charge, (who is very very friendly with L-9 since his return) told him to go and see Nic. MADERO at the Foreign Office and ask him whether Mexico has any convenios de pesca (Fishing Agreements). MADERO told L-9 that Mexico has no fishing agreements because of problems re offshore fishing zones etc.

On 5 June 63, I met L-9 at the agreed rendezvous point in a less than deserted section of the city where we held meeting. PROBLEMS NOTED.

CARD ALL RE SUBJ ACTS

1. On 5 June 63, L-9 met with Jose Arturo GARCIA M. to purchase art materials for projects in Cuba. L-9 took GARCIA to the Centro de la Trip. where they made some purchases. They then went to Hotel R.M.A. where L-9 met Pedro Cardoza v Armas. ^{CIT MEXICO} CARDOZA gave L-9 a picabrazo but no intel of interest obtained.
2. L-9 said that CAMARA, (name), a Mexican real estate agent, was at the Embassy on 5 June re a new site for the INCRC. CAMARA, according to L-9, is about 32 years old, well dressed, good looking. As far as L-9 does not know CAMARA's full name. He believes that CAMARA is a friend of Teresa PROENZA P. Thus far L-9, who has been with CAMARA on two occasions, has not heard him discuss INCRC etc. This is probably Vicente CAMARA involved with C. ^{X F} ^{CIT MEXICO} CAMARA is also trying to get apartments for Antonio G. A. Díaz and Jose FERNANDEZ Roa. L-9 said he expects to do a small deal of CAMARA because as yet the Cubans have nothing to offer on a new site for the INCRC.
3. L-9 said that Clases de Estudios scheduled for 0830 on 5 June 63 was off because AMERICA ^{X F} ^{CIT MEXICO} ARMAS ^{CIT MEXICO} the Commercial instructor did not show up. The group is disc. in the book, Geografia Politica (2) by VILLENEUVE, FMU, Soviet writer. When SINCHAS AS on 5 June 63 asked that all members of the group ARMAS attend a special mtg to be held at the Embassy on 5 June at 1700. L-9 does not know what INCRC the subject matter will be.
4. L-9 said that Capo Esp. Capellari, who returned to Mexico on 4 Jun, was in the air on 5 June and was profuse in his greetings and etc. L-9 believes that while Hobara, CAPELLARI "got the word" to ARMAS with Fidel CASTRO etc.
5. L-9 said that ARMAS has been heard re the arrival of the new Emb Joaquin ARMAS to the Armas.

7. L-9 said that on 30 May 63, Teresa PROVENZA told him that ~~Miss~~ ~~UNPACO~~ ~~CIT MEXICO~~ that she was nearly arrested recently. PROVENZA went on to say that the young Cubans are very foolish if they get into trouble if they are not careful! (COMMENT: It is believed that CARMICHAEL was referring to a trip she made to the border per LINEAT coverage of CARTELLAR like "Vico" GARCIA and Manuel VEGA. SEE: LINEAT - Report CARTELLAR from Ansonio GARCIA. The latter was living in D. LIMA's apartment when the incident took place. I plan to inquire L-9 more extensively on this.)

✓ 8. L-9 reported ~~that~~ ~~the~~ ~~PCSA~~ ~~Correa~~, Cuban Consul in ~~Veracruz~~ and ~~Xf~~ ~~CIT CUBA~~ recently appointed Cuban Consul in Veracruz, was at the Embassy on 5 June 63. SAMA's wife arrived recently, i.e. on 4 June 63 - Omelia PATISTA de SAMA. L-9 said that she was complaining about not getting KOMAROV answer to her letters to Ramiro DEL RIO Perez re art exhibit.

✓ 9. L-9 said that ~~JORRIN~~ ~~AGOSTINA~~ ~~Garcia~~ ~~CIT CUBA~~ is returning to Cuba within a few days "NO o 16 de junio". L-9 said that LIAGOSTERA is unhappy with ~~JORRIN~~ ~~AGOSTINA~~. He also pointed out that ~~Melartha~~ ~~Xf~~ ~~CIT CUBA~~ ~~YANEZ~~ ~~YANEZ~~ ~~YANEZ~~ ~~CIT CUBA~~ gatekeeper is unhappy. He believes that JORRIN ~~AGOSTINA~~ ~~GARCIA~~ ~~CIT CUBA~~ are unfriendly and this has aggravated L-9. (COMMENT: ALSO AN L-2 who is quite friendly with L-9 has repeatedly reported that JORRIN is very unhappy in his lot, i.e. "prisoner" of the Embassy, no opportunity to go to town etc. LIAGOSTERA, according to AN-2, is also unhappy about this problem. Neither JORRIN nor LIAGOSTERA want to stay in Mexico.)

Debriefing of LITAMIL-9 on Trip to Cuba

Enclosed as attachments A, B and C are the results of the debriefing of LITAMIL-9 by Edward D. Knapman.

Willard C. CURTIS

Attachment A

1. In compliance with DIR-40146, Edward D. Knapman was dispatched to Mexico City from JMWAVE to conduct a debriefing of LITAMIL-9. the debriefing totaling eight hours on the nights of 29 May, 31 May and 1 June 1963.

Attachment C

Operational Intelligence

8. Victor TRAPOTE Mateos - This man's most interesting operational access is through his daughter, Irina TRAPOTE de VALDES, who is married to Ramiro VALDES. The prospective fruitfulness of this entree diminishes, however, as the facts are laid on the table. For one thing, though anti-Communist, TRAPOTE is still a friend of Fidel Castro. L-9 said that he sheltered Fidel in his home during Fidel's exile in Mexico. TRAPOTE, who was born in Spain, is about 58 and apparently more interested in his art (sculpturing) than in politics. TRAPOTE apparently has no intention of going to Cuba permanently. L-9 says TRAPOTE has made no comment concerning Ramiro VALDES, but he apparently has suggested that Irina is not getting along well with Ramiro. L-9 described TRAPOTE as of medium height, solidly built, and in good physical condition. His daughter is a tall attractive blonde of about 25, and has a rather retiring personality. L-9 could come up with no means of developing an operation against VALDES through these entrees.

EXCERPT

HMMA-21475 4 June

SECRET

Attachment A

1. In compliance with DIR-40146, Edward D. Knapman was dispatched to Mexico City from JMWAVE to conduct a debriefing of LITAMIL-9. Knapman arrived here 29 May 1963 and conducted the debriefing at three sessions totaling eight hours on the nights of 29 May, 31 May and 1 June 1963.

2. Attachment B is largely positive intelligence while Attachment C is basically of operational interest. The intelligence debriefing was conducted on the basis of current and past intelligence requirements lists available at the Mexico Station. To the extent feasible we attempted to pinpoint ultimate sources, but headquarters will note that a sizable part of the information provided was based on personal observation and impressions. Headquarters should keep in mind that L-9's perimeter of access was the city of Havana and that he was exposed principally to bureaucrats who are identified with the regime. We caution headquarters on this rather obvious point, perhaps because we were exposed recently to AMNOCK-1 who has been living deep "in the entrails of the monster" in Oriente and who had a different view of the temper of the people in that area from that given by LITAMIL-9 for Havana.

3. In attachment C are the answers to a series of questions of operational interest which were posed after a thorough review of the LITAMIL-9 operational file. In some cases fuller biographic information can be obtained from L-9 if and when required. L-9 was most cooperative and understood clearly what the debriefer was looking for. In most cases, however, it is not probable that L-9 will be of great help in making operational approaches and pitches because of his present position.

1. Subject had nothing meaningful to add on disaffections or realignments as a result of the October crisis.
2. With regard to internal friction within the GOC, he said that there is considerable criticism of the "old" Communists by the "new" Communists and 26th of July. He cited the case of Felipe "GUERRA Matos' criticism of Joaquin ORDOQUI and Nicolas GUILLEN (previously reported) as cases in point. By and large, the new Communists and Fidelistas are grabbing off most key position in the government bureaucracy. Fidel Castro is still the principal leader of the Revolution and both the PSP and the Soviets know that he is vitally important to them. Source was told by his sister-in-law (Conchita) that Fidel showed some annoyance with Blas Roca one night when he phoned and told Rene VALLEJO to tell that "son of a bitch" (^{hijo de puta}) to stop bothering him. Conchita also says that Fidel is somewhat annoyed at his old crony Carlos Rafael RODRIGUEZ because the zafra is proving to be such a bust and that Fidel has complained that Carlos Rafael frequently doctors INRA statistics to his own advantage. Despite these minor problems with key Communist leaders, Fidel continues on friendly terms with the key members of the PSP, and Blas Roca should be included with Fidel, Raul and Che Guevara among the four most powerful men in Cuba. Source commented that we must understand the myth created by the Revolution and its propaganda in evaluating internal friction and cleavages. Non-communist officials have been either brainwashed by propaganda, are still blindly loyal to Fidel, or else have no place to go. Thus, in the final analysis, the cleavages are superficial and of no great moment.
3. Source had no detail on the formation of the Partido Unico. He commented that the PSP view PURS as an attempt by Fidel Castro to absorb it and that the PSP consequently has been cool to the idea.
4. Subject was questioned on mass organizations in Cuba, but could provide no information worth reporting.
5. Source was questioned on the positions of Lazaro Pena, Lizardo, Ramiro VALDES and Juan MARINELLO. He had little of importance though he commented that Fidel, according to Conchita, did not hold Lazaro ~~PENA~~ in high regard. Source had no information on MARINELLO's reported problems at the University of Habana.
6. We covered the gamut on counter-revolutionary activities and other types of resistance with disappointingly negative results.
7. In the military field (number of Soviet troops, training in both Cuba and the Soviet Union, missile arrivals, hiding of military materiel in caves etc.) source could add nothing to the bolas which can be picked up on Flagler Street in Miami.

CS COPY.

8. Source was questioned about Chicom military activities. He answered that he saw no Chinese, heard no comments about the Chinese and did not get the impression that the Chicos are significantly active in any field in Cuba.

9. When asked about Cuban confidence in the Soviets, he said that most people he had talked to felt that the Soviets would come to Cuba's defense in case of an American invasion if it happened to suit Soviet interests at the time. He said that to his knowledge Soviet technicians were getting along well with Cubans, but he feels that the Cuban people view the Soviet with detachment socially and have very little to do with them.

10. Source was queried on any comments he had heard concerning a GOC desire for a rapprochement with the United States. He said that he had heard nothing specific, but that he personally felt this was a prospect frequently considered by Castro.

11. In view of Sources excellent sub-source in INRA (Conchita), it had been hoped that he would be able to provide some valuable information on this organization. Actually, he had little to add to Conchita's comments in regard to Fidel's attitude toward Carlos Rafael Rodriguez. We asked for Conchita's evaluation of Carlos Rafael, and received information which has many times been forwarded to headquarters and need not be repeated here. Conchita made no meaningful comments on the effectiveness of Soviet and Satellite technicians assigned to INRA. (See also paragraph 5 of attachment B concerning Fidel Castro which may be of PI interest.)

12. When asked about the principal reasons for industrial difficulties, Source said that he heard universal complaints about the need for spare parts. He could only pinpoint the transport industry. He had no specific information on how some U.S. manufactured spare parts were being received, but commented that Canada might be the source. He could give no specifics and said that all correspondence on these matters is closely held and encoded when cabled. He has had no access to such information.

13. Regarding the rationing system, he said that it is working more smoothly now than a year ago and that grumbling is less now than in the past. He said that things are better organized now and that he saw no desperation because of food or other shortages.

14. Source said that he had heard of no significant increase in diseases, though there was much comment about cases of gastroenteritis.

15. Source had no information whatever on the export of the Cuban Revolution and on the training of revolutionaries from other areas in Cuba.

16. Regarding diplomatic relations with other Latin American countries and Spain, his understanding is that the GOC wants no more breaks and is especially interested in maintaining the tie with Madrid since Spain is the mother country and an airline link to Europe.

SECRET

SECRET

17. With regard to the Civil and Foreign Services, Source said that there is more stability and discipline in both than there was a year ago, with a consequent rise in morale. He said that there is much less free-wheeling on the part of subordinates, but now the chiefs are expected to face up to their responsibilities and the competent must carry the load for the majority who are incompetents. We commented that this was not a phenomenon absent in other public services and tried to flush Source out on the quality, loyalty, and efficiency of the services. He said that loyalty is increasing, quality is circumscribed seriously by insufficient academic preparation and job training and efficiency has increased in the past year because of better discipline and improved administrative practices.

18. Subject had nothing of consequence to add regarding the organization of the Ministry of Foreign Relation and the Foreign Service. This subject will be covered to some extent in the operational attachment to this dispatch. See paragraph 7 of attachment B concerning the rumor that Armando F HART will replace Raul ROA at MINREX.

19. Source had little information on the Church. He said that the Catholic Church is not being molested and that relations between it and the GOC have improved. Pope John XXIII was viewed with favor by the GOC. (Note: Batistianos in Miami frequently take the opposite view.)

20. Source had nothing of value on the Ministry of Education, the University of Habana, the literacy program, the establishment of new technical and scientific institutes, the quality of education at secondary and primary levels.

21. Regarding the United States, he feels that there is still a fund of friendship among the Cuban people and admiration of American technology. He said that a few of his friends listen to U.S. broadcasts, but he had nothing to say concerning their comments and the extent to which these broadcasts are having an effect.

22. Regarding the temper of the Cuban people, source does not believe that the ingredients for a revolt exist. He feels that the regime may have more support now than it had a year ago, or, if such is not the case, that people are just more resigned to it.

1. Alfredo *CUEVARA - It was noted in L-9's file that he at one time had been in touch with GUEVARA. L-9 described him as a man in his thirties, who had lived in Mexico. He struck L-9 as something of a bluffer, and L-9 understands that he is not well liked. In some respects (political) the writer knew something more about this Cuban Communist movie producer than L-9. *Sub. of 201-324609, DUE JUNE 63*
2. Source had nothing new to add on Ramon *CUENCA, suspected G-2 agent, than is already a matter of record.
3. With the prospect of possibly developing source's brother, Alfredo (see 29 below), through their half-sister, source was queried on the latter, but we ceased this line of questioning when the ~~latter~~ learned that the child is only 10.
4. Source had met Jose "Pepin" *NARANJO when he came to Mexico with Blas Roca, but he had little of operational interest to add concerning him. He said that NARANJO struck him as wily; sharp, but intellectually quite superficial.
5. We questioned source concerning Conchita's impressions of Antonio MUÑEZ Jimenez, and Carlos Rafael *RODRIGUEZ, and nothing of value resulted (see attachment B for some comments on the position of the latter). Conchita did have an interesting comment concerning Fidel CASTRO's health. Apparently he has not fully recovered from a rather serious pulmonary illness and she said that he is much less robust than he used to be. (Attention is drawn to this paragraph in attachment A).
6. Orlando *SANCHEZ - He is the brother of Celia SANCHEZ, and L-9 believes that he is disaffected with the regime and is anti-Communist. SANCHEZ is about 38, lived for a time in New York (ODURGE traces should therefore be available), and is now in charge of the "Seccion X" store on O'Reilly Street in Habana. His wife, whose name escaped L-9, is an American and probably of Puerto Rican extraction. They have at least one child. L-9 feels that there is very little chance that SANCHEZ is recruitable and he does not believe that he would use Celia for intelligence purposes in any case. As Headquarters knows, L-9 has extended an invitation to SANCHEZ to visit him in Mexico. We could, perhaps, push this, but the chances of successfully recruiting him in Mexico, according to L-9, would be small. L-9 said that a sister of Celia, whom L-9 described as being in her twenties and married to a formerly wealthy man from Oriente whose holdings had been confiscated, was against the regime and was about to leave Cuba for Miami with her husband. L-9 did not know the sister's name.
7. The writer asked L-9 whether he had any contact with Haydee SANTAMARIA or her spouse, Armando *HART Davalos, during his visit, and he said that he had not. He said that it was widely rumored around the Foreign Ministry that Hart might replace Raul ROA. He said that this would really not be a demotion for Roa since he would handle and attend international conferences while Hart administered MINREX.

✓ 9. Source was asked about the current activities of Faure *CHOMON, and could add nothing to what is already known.

✓ 10. Abraham *MACIQUES - He is about 28, Jewish, has no military title, and was formerly married to an American who has divorced him and returned to the United States. He is now married to a Cuban who gave birth to a child in the Spring of 1963. His parents live in Cardenas, Matanzas, but L-9 could give no other information on them, the former-wife or the present wife. He said that AMLEO-3 would have much fuller basic information on MACIQUES. His sister, Nidia *MACIQUES de Roque, lives in Wooster, Ohio at 1653 Smithville Road. L-9 said that MACIQUES was relieved of his job in the Cienaga de Zapata because people under his direction were assisting anti-Castro elements which have since been liquidated. It is not clear whether MACIQUES knew of these activities, but, in any case, Fidel Castro sacked him. MACIQUES, at the very least, is indifferent to the present regime. He told L-9 that he would leave for the United States if he could get to see Fidel soon about another job. L-9 feels that MACIQUES may be recruitable, but he could propose no approach. It should be noted that MACIQUES' access is limited now (no job) and he may be in disgrace.

✓ 11. Guillermo *LEON Antich - L-9 said he is about 30, has the rank of ambassador, and may be C-2, but he had little else to add to our present knowledge of LEON. RE CONTACT WITH Sub. c/f 201-329609, DDI JUNE 63

✓ 12. LIOOZE-1 - L-9 said L-1 is assigned to protocol in the Foreign Ministry and that he spends a good deal of his time at the airport at Rancho Boyeros. L-1 has criticized extremism in the regime, is pro-RCA, apparently strongly dislikes Carlos *OLIVARES and was glad to see him sent out to the field. L-9 gave no further information that is not already a matter of record.

✓ 13. Ramiro *DEL RIO - He is about 28, went about half way through medical school at the University of Habana, is rather short, well-proportioned, and stoops a bit when he walks. He is probably C-2 and is assigned to the Consejo Nacional de Cultura. He is a protege of the Consejo's directress, Edith *CARCIA Buchaca (see 14 below). L-9 believes DEL RIO is a strong Fidelista and not a recruitment candidate.

SECRET

14. Edith GARCIA Buchaca and the Consejo Nacional de Cultura - GARCIA, an old-line Communist, is trying to place Communists and extremists in as many cultural slots as practicable in Cuban embassies. She is 45-47, a light mulatto, about 63-64 inches tall, fairly well proportioned, and an indefatigable worker. The Consejo is now located in the Ayuntamiento de Marianao and has a staff of about 25 at headquarters. L-9 does not know of any clandestine activities in which the Consejo may be engaged and considers it basically a cultural organization. In addition to GARCIA and DEL RIO, L-9 recalls the names of the following personnel: Marta ARAJONA (plastic arts), Maritza ALONSO (recites poetry). He said that the Consejo is interested primarily in fostering art exhibitions, many of which are displayed abroad. He mentioned Aracio VANEGAS Arroyo, a Mexican employed by the Consejo, as a contact, but VANEGAS appears to be a strong Castrista. Vanegas is 30-34, about 65 inches, well-built, married to a Cuban and a good friend of Raul Castro. L-9 could come up with no realistic penetration prospects in the Consejo.

15. Guillermo GUERRA Matos - L-9 had nothing to add to what has already been reported. L-9 does not know GUERRA personally.

16. Petra PALLEGAS de PEDROSO - Her husband, Regino PEDROSO, is a poet of some stature and Cuban Charge in Peking. L-9 does not know whether Regino is a Communist, but he knows that he was at one time arrested for being one. Petra and Regino have no children. She is middleage and is separated from Regino to collect her benefits in Habana as a retired teacher. She is related to the Communist poet, Nicolas GUILLEN. L-9 views Regino as a very slippery article and did not have any recommendations concerning an operational approach. In any case, there is no real reason to believe that either Petra or Regino would be susceptible to a pitch.

17. L-9 had nothing to add to what already has been reported concerning AMLEO-3 and his family.

18. He had nothing new on Orlando PANTOJA Tamayo, previously reported to be an inspector for Ramiro Valdes.

19. L-9 was questioned about the BAYO brothers (Armando and Alberto BAYO Coscaya), old man BAYO (Gen. Alberto BAYO Giroud) and General Enrique Lister. The only comments he had to make were that the BAYOS are all believed to be pro-regime and that the old man is of no significance in Cuban affairs. He knew nothing about Lister.

20. The subject of Conchita, which has already been mentioned elsewhere in this debriefing, was discussed at length with L-9. Nothing of operational interest that has not already been reported by the Mexico Station emerged from this discussion. Conchita is still loyal to Fidel and L-9 could suggest no workable operational approach to her.

SECRET

21. Rene Depestre - Source had no information of use.
22. L-9 was questioned about rumors of Castro penetration of KUBARK that he had heard during his visit, but he could provide no specifics. He gave no information on Cuban intelligence activities that is not already a matter of record.
23. Agustin *YASSELLS - Nothing new to add except that L-9 considers this diplomatic courier as quite loyal to the regime.
24. Mercedes LECHUGA - She is about 35, a teacher, single, anti-Communist and lives with her parents on Calle 25, No. 963, Vedado, Habana. She is the sister of Ambassador Lechuga and known personally to L-9, but he does not believe that a pitch would be practicable.
25. Ernesto *RODRIGUEZ Cue - He is about 30, married to a Mexican, and believed to be loyal to the regime. Although he is employed in a very worthy target area ("confidenciales" of MINREX), L-9 does not believe him to be recruitable.
26. Felipe *ROJAS - This employee of the Cuban Embassy in Mexico plans to go to Cuba. L-9 understands that Rojas is going to emigrate to Cuba permanently and does not know what ROJAS plans to do there. L-9 gathers that ROJAS will be paying his own passage. While this at first appeared to be an operational lead, it would seem that it is simply a case of a pro-Castro young man who wants to settle in Cuba.
27. Joaquin *FR* *HERNANDEZ de Armas, Ambassador-designate to Mexico - L-9 described him as a man in his forties, but who looks much younger. He is highly thought of in the Cuban Foreign Service, is very intelligent, and believed to be loyal to the regime. L-9 had no information of operational interest on Hernandez. *Re-contact w/ Sub c/o 201-319669. DCL June 63 >*
28. Dolores de la *MORA - Source said that she is highly intelligent and rich Mexican, who is now in Cuba, and is close to Fidel Castro and to Luis Alberto *CLERGE Fabra, a C-2 officer. L-9 got this information from Conchita second-hand and was not able to provide additional details.
29. Alfredo, L-9's brother - the writer can add nothing to what Station Mexico has already reported on this operational target, and feels that we are barking up the wrong tree if we expect L-9 to approach him. In so doing we would be trying to undermine values which probably transcend L-9's basic anti-Communism. On the other hand, Alfredo is anti-Communist and dissatisfied with the regime, and, while he rejected Growery's pitch, he did so graciously and told L-9 that Growery impressed him favorably. While the writer cannot suggest an approach to Alfredo, it is felt that at this time such attempts as may be made to develop him should be channeled through someone other than his brother.

17 May 1963

In 16 May 63, I met KARIMI at rendezvous point and he arrived in outskirts of the city where we held meeting. No security problems noted. Time: 2200-2300.

- LIMA reported as follows:
1. See NEXT Re his brother's plane re resignation.
 2. L-9 reported that on 17 May 63, he "met" with a fellow whom he believes is ~~X~~ ^{CUBA} ~~IN MEXICO~~ RE CUBA TRAVEL MAY 63. He said that the fellow he met told him that he was in Cuba recently and that he knew that L-9 had been in Cuba recently. In addition, the fellow told him that L-9's cousin in Guadalajara saw him (L-9) and he say hello to L-9. L-9 said his cousin, who just divorced from his wife is Fernando Lina (could not recall but will give name for me). L-9 thought that this contact was a Cuban. L-9 said that this is the same fellow who was arrested in Torreon several months ago. L-9 told him to pass info the Embassy and see him.
 - ✓ 3. L-9 reported that ~~in April 63~~ ^F ~~in April 63~~ ^{CUBA}, the newly appointed diplomat to the ~~Embassy~~ ^{in Mexico} is married and has one child. He said that ~~RECENTLY~~ ^{RECENT} wife is expected in Monterrey Mexico in about month. (LIMA is unable to give date to the ~~RECENTLY~~ ^{RECENT} ~~in April 63~~ ^{APR 63} RE SUBJECTS, MAY 63)

The Conference scheduled for 11 June 63 was told L-9 to tell those in charge that a Cuban delegation sent three men to the Conference. L-9 went to P.M.C. and talked with LIMA, R. V. (agent). LIMA asked L-9 if he was going to be Cuban. He going to make allegations because they have liaison who are going to come before us but notably showed up. L-9 replied to LIMA who is the purpose of the Cuban Delegation going to Monterrey. LIMA said it's because the Cuban delegation wants to provide their services.

30 May 1963

Subject: LITA:IL-9

SECRET

On 29 May 63, I called LIT:ML-9 at 2300 and a mtg was arranged for 2330. Contact was made at the usual rendezvous point and KAPLAN was introduced as Mr. Crespi, a friend in from Washington, to discuss the Cuban situation with him, particularly concerning his recent trip to Havana. We then drove around the outskirts of the city and parked in a quiet area, where a short meeting was held. NO SECURITY PROBLEMS NOTED.

e: 2330-2430.

d. The following:

- ~~RE SUBJ ACTS~~ ~~CIT MEXICO: SEX F~~

On 27 May 63, ~~John T. McPHERSON~~ suggested that L-9 talk to ~~Servicio CUBA~~ ~~CITCUBA~~ in investigation of technicians cited in pressurum, L-9 went to see Ramon SINCAS and mentioned that he wanted to see BELTRAN. SINCAS, although not stating outright that BELTRAN was not to be trusted implied as much when he told L-9 he should not discuss the applicants with him. L-9 said that 7 May 63, BELTRAN had been at the Cuban Embassy and hoped to leave the day for Habana. According to L-9, SINCAS called Habana and it was not given permission to grant it at that time. (CCMEX) ...

LIFIRE did not go to Havana on 27 May according to the LIFIRE air-lists). L-9 pointed out that SINCAS could have given L-9 a visa "to his own" but chose not to which indicates that BELTRAN was not in his confidence. (Comment: The above development is indeed interesting in view of the Station's suspicion that BELTRAN was a possible long term, deep cover agent of the Cuban Govt in Mexico. It is too early to discard this possibility but the above development has fairly reduced the possibility.)

*RE SINCAS ATTEMPT TO GET

using a short nickname but L-9 was not able to recall it. TRAPOTE described the captain as having an odd shaped mouth. (COMMENT: It is believed that the captain referred to by TRAPOTE is (Capt) ^{or Cuba} Orlando PANTOJA Farava, who left Mexico on 20 May 63.)

1. Manuel VEGA Perez, Cuban G-2 Mexico, told L-9 that he had been SER.

with ~~intelligence~~ ~~ESPIONAGE~~ ~~VEGA~~ ~~Neruda~~ and that DE LA MORA asked for L-9. ~~VEGA~~ ~~INTEREST~~ ~~MAY 63~~ L-9, of course, will take advantage of VEGA remark to make contact with DE LA MORA. L-9 commented that fact VEGA was with DE LA MORA is interesting. It will be recalled that "Cachito a" FERNANDEZ told L-9 to be careful with DE LA MORA because she is a contact of CLERGE Fabra, Cuban G-2 type.

2. L-9 reported that on 9 May 63, while near the Cine Diana at LIMA 10:30, he saw Raul ~~ESPIONAGE~~ ~~Neruda~~ waiting for someone, S. MAIS saw L-9 and waved at him. (This was KUBAID meeting) L-9 commented that MAIS was definitely waiting to make a contact with someone.

3. Francisco ~~ESPIONAGE~~ ~~Neruda~~, Spanish/Cuban, who formerly worked the date at the Cuban Embassy in Mexico, returned to Mexico on 10 May 63, this time arriving to the Embassy as "Auxiliar de Segunda Clase". (LIMA Airlists know MAIS and his wife returned via Cutura on 10 May 63). L-9 said that MAIS' wife is suffering from cancer, that she was operated on in Havana but there is no hope.

4. L-9 reported that on 9 May 63, ~~ESPIONAGE~~ ~~Neruda~~, Cuban Charge, met with students (about 6) from Charinge. The meeting took place at 1700 at the ~~Embassy~~.

5. MAIS told L-9 that ~~ESPIONAGE~~ ~~Neruda~~, ~~ESPIONAGE~~, Cuban Charge in Bolivia, went back to Havana recently for what he thought was short stay, i.e. two weeks, but he is still there. MAIS was assigned to study "instruction militaire et revolutionnaire".

6. MAIS also told L-9 that ~~ESPIONAGE~~ ~~Neruda~~, Cuban Charge, ~~ESPIONAGE~~

CS COPY ^{Reportedly} received a letter from him. It is not known what his demands are.

7. L-9 said L-9 has no contacts with Cuban G-2 or any other Cuban intelligence agency.

~~SECRET~~

8. L-8 said that he has the duty (security) all day Saturday, 11 May 63. L-9 said that José ADORNATO is taking the day off and will not return until about 2200 this evening. I told L-9 to report any similar info particularly re Armando SARDINAS and others who live at the Embassy.
9. MAIZ told L-8 that Eusebio AZCUE was expected back in a week or so. MAIZ said that his wife would return after him. He added that Sra de AZCUE is anxious to return to Mexico.
10. L-9 finally identified Jorge M. Roca as the person who is working with Benaventura MEYER Acosta and Ramón SOTO. (L-7 reported this may truly) L-9 said he asked MURILLO if he was related to the Foreign Minister and MURILLO didn't say yes or no. L-9 believes that he might be because he doesn't seem very sharp and yet he's hanging around with SOTO and BENAVENTURA. BENAVENTURA told L-7, who asked him about his relationship with Roca, that if he was related to Roca it was a distant relationship.
11. Coto SOLORZANO, sister in law of Genl. Lázaro CÁRDENAS, is scheduled to leave for Havana on 13 May 63.
12. L-9 said he attended a meeting at the Academia Mexicana de Derecho Internacional on 1 May 63 and the Mexican Att. to Spain spoke re non-intervention and auto-determination. L-9 said the speech was typical of Mexican point of view, no date.
13. L-9 said that he saw Enrique Pérez and Arturo G. P. RA both on at the Embassy on 9 May 63. BENAVENTURA also came to the inaugural session of the Nicaragua Seminar that "it was necessary for him to make a lot of contacts in Mexico". It was he who told L-9 that he was in contact with Raúl Roca, i.e., "try to contact con Roca". L-9 said that on 9 May at the Embassy, BENAVENTURA was sick, i.e., cold, fever, bad breath etc. I told L-9 to make contact with DE COLA and A. Roca if possible and give them us. He said it would be difficult to use he has no contacts in the U.S. No. only in Mexico City.

~~SECRET~~

14. L-9 said that Marta M. Morin, Cuban, who arrived in Mexico on 8 May 63, through CIA-DIA visa assistance was at the Embassy on 9 May 63. MORIN, according to L-9, was a millionaire woman in Havana until recently. She is living at L-9's brother's house. L-9 suggested that a letter be written to her asking her to come to Embassy at which time the CO could interview her. He said that MORIN was told at the Embassy that it would take about a month to get clearance etc, that she had to be investigated. L-9 pointed out that Embassy request she report for interview would appear to her as past this investigation.

15. L-9 brought a contract to the meeting re his brother's company and Nestle. He pointed out that the contract was signed on 7 Mar 63 and he left for Havana on 4 March. Because he was not present his name did not appear in the ~~SECRET~~ contract and he was unhappy that this had to be. L-9, however, diplomatically and politely pointed out that he want to bring this to my attention to show that this had been a sacrifice on his part, i.e. his travel to Havana on our behalf. I asked L-9 whether this meant anything to him in dollars and cents and he said it did not. He said the only thing was that if his name appears in the Administration of the Company when the contract was signed with Nestle it would give him a feeling of accomplishment and security re his future relationship with the company.

16. L-9 identified the following ~~SECRET~~ stations: MAC163

17. L-7 reported that the ~~SECRET~~ woman who was invited to and attended the Cuban 25th cocktail on 18 Apr 63, is rumored to be a Cuban woman and has been to Cuba several times. L-7 said that ~~SECRET~~ FERNANDEZ is a home near Acapulco, where Emilio ALICE has stayed on occasions.

On 13 May 63, I met LIDAWI-S at the usual
rendezvous point and we drove to outlying district of the town,

LITANIL-9 provided the following information:
RE: COMMENTS ON EMMA FARIA'S MAY 16TH

Francisco MAIZ A. told L-9 that FERNANDO FARIAS, former up-
paid at the Cuban Embassy, and now employed by the PORTOCARREROS in
Oriente (Amh Jose PORTOCARRERO) is being returned to Mexico as a
security risk. She is expected to arrive from one day to the
next. According to MAIZ, FARIA'S was "sacking in" with anybody
who came along, and has even become friendly with counter-revo.
In view of the above, PARTAC is being "bounced". MAIZ said the
Cubans plan to conduct a full body search of FARIA'S when she
leaves Cuba, i.e. MAXIMUM: "en cueros". L-9 pointed out that
FARIA'S is a Mexican and if it true what MAIZ reporting about
body search etc. it would be good for PP play in Mexico.

2. I-9 reported to ~~the~~ ^{the} ~~in~~ ⁱⁿ ~~Peru~~ ^{Peru} ~~on~~ ^{on} ~~1963~~ ¹⁹⁶³

José X. PEREZ-MANRIQUE, newly arrived Cuban rep., told L-3 that

SA 10 he came to Mexico in 1950 with a group of young people as an "official" (MA 163). MALEE said that Amb. WACHTER was in Mexico at that time.)L-7 report that this is FBI's ~~most recent overseas contact~~.

• Roberto JORRIN is expected to return on 14 May 65.

S. I-9 reported that Quijada, the Vice Consul is now ill and
is quite sick with "variole", i.e. smallpox. He apparently has
had this proffer in Cuba.

6. Father SIMEON, Cuban Envoy, told L-9 that his baby would be about a week old when the new Ambassador arrived and that it would be fine because he wanted to return to Cuba and see his father who has returned to Havana from Paris (Bueno SIMEON ref 1-1). SIMEON will give birth to baby boy.

7. I feel very lucky to be part of the most brilliant team.

8. On 12 May 63, ~~Soviet Ambassador~~, Soviet Counsellor, drove L-9 to the Cuban Embassy from Coyoacan. DUNIN, who in L-9's opinion, is extremely "sharp", "realistic" and "talented" told L-9 the following:

HM 14
7312
a. The Cuban Rev is now consolidated as the recent trip of Fidel CASTRO to Moscow proves. DUNIN said that CASTRO's absence from Cuba did not affect the situation that things went on the same in his absence etc. DUNIN, however, said that this does not mean that Cuba does not need CASTRO. He said that Cuba is not like the Soviet Union where the loss of KRUSCHEV would not affect the regime. Cuban needs CASTRO and he must be protected to avoid an assassination attempt etc.

b. L-9 asked DUNIN about the "tercero" and DUNIN answered that at this time, in his opinion, not even ~~the~~ President LOPEZ M., knows who is going to be the candidate.

c. DUNIN stated that a revolution in Mexico similar to that in Cuba would be very difficult. He attributed this to the fact that the masses in Mexico ~~were~~ not ~~had~~ the "debtile economic base population" required for such a revolution. He said that it will take one or two generations before Mexico is ready for such a revolution.

(S) 9. L-9 said that Ernesto ~~ALFREDO~~ Lopez, ~~ALFREDO~~ Lopez, is expected back on 17 Aug. 63. *201-334087*

10. L-9 said that while he was in Havana he asked that 5 copies of Bohemia be sent to the embassy. He said that 10 copies are arriving next week after his return to Mexico. He added very little progress is coming.

11. L-9 said that he saw Rafael PELLERA and Augusto MELIA at the Embassy but he did not have a chance to talk with them. He said they quickly slipped into SINCERAS' office.

Memorandum for the Record

23 Apr 63

Subject: LITAMIL-9

SECRET

On 27 Apr 63, at 2200, LITAMIL-9 called to report his arrival and set up a mtg for 2300 at the usual rendezvous point. The mtg was held from 2230-2400. NO SECURITY PROBLEMS NOTED.

See MEKO 118, re L-9's problems in Cuba and ops data re Re-assignment to Mexico.

L-9 reported the following:

1. In his opinion there is no chance of the Cuban Govt failing because of political or economic reasons at the time. L-9 said that the Cuban people will be able to stand the conditions under which they are presently living indefinitely. He said the most pronounced scarcity is that of buses, which hardly present a serious problem in terms of disaster. He said that although food is not plentiful, the people are not starving and will be able to continue to get along. In the political field, L-9 said that there is definitely a rift between the Communist left and CASTRO's 26 July Movement, but again this is not of serious proportions and CASTRO appears to be handling it admirably. L-9 said that CASTRO dislikes both Lazaro PENA and Elias HICKA intensely and might possibly rid the country of one of them after the final tally is made on the sugar crop. That is, the rumor is around that CASTRO will make one of the these two a scapegoat for the poor sugar crop. On the other hand, much criticism was heard when CASTRO moved Joaquin CHOCOQUI, Cuban CP leader, ^{STCUB2} ^{RECD} up in ~~BY FIDEL CASTRO - Sat, Apr 63~~ to Government hierarchy. At any rate, L-9 said that through conversations that he had had with many people his conclusions were that "el Gobierno de Cuba es salido". L-9 said that both FIDEL and CASTRO and IDEO were very pleased with the latest ~~U.S.~~ story of Cuba and felt that this was a change in U.S. attitude to the regime.
2. Re missile bases, L-9 said he not able to give any hard info. He Commanderr said that MASIQUES, from, a close friend of his and of IDEO, told him that he had heard from an Army Officer that the missile bases were of a mobile nature, i.e. they can be assembled quickly by men trained for this purpose. MASIQUES said that the purpose of this is to avoid the U.S. from pinpointing them since they of a ~~mobile~~ ^{mobile} re. L-9 said there were many rumors about the missiles.

3. re assignment of Joaquin AMELLO to Mexico. *circled*
~~ASSISTED~~ ~~embassy ador.~~ L-9 said that he talked with AMELLO and found
him a likable fellow, well educated and a Communist. L-9 said that
APARDO, ex former Cultural Attaché in Prague, has also been assigned
to Mexico City. *Exhibit b*

4. L-9 said that Conchita FERNANDEZ told him that Dolores DE LA TORRE
is a dangerous person and to watch her. FERNANDEZ said that she is in
contact with Luis Alberto SOLERES *CIT CUBA?* Extra, Cuban G-2, and important
that organization. FERNANDEZ gave L-9 to understand that DE LA TORRE
might be working for somebody else. *PESSIST CONTRA A CONCHITA*
FERNANDEZ
MEXI-DA-APP

5. L-9 said that Antonio GARCIA Lara and his wife returned to Mexico
because one of their daughters was dying. L-9 said it was serious and
the baby, ~~XXXXX~~ suffering from "turistas" might have died.

6. L-9 reported that Ernesto RODRIGUEZ Cue, *CIT CUBA?* formerly employed in
Cuban Emb in Mexico is now working in "confidential" section of the
Foreign Office. -D.o.l.APR63

7. L-9 said that on 22 Apr 63, LIOZE-1 told him that Humberto GARCIA
Lara, had not shown up for work recently and was trying to get out of
Cuba. LIOZE-1 said that GARCIA was really "acting up". He told L-9 that
GARCIA told him Mexican wife ~~XXXXX~~ not to return to Mexico.

8. L-9 reported that Ramiro DEL RIO Perez, *CIT CUBA?* employed in the ~~Emb~~ ~~Cultural~~
Cultural told him that Teresa PRESTA might be recalled. He criticized
her because according to reports she only acted hospitably to her Communist
friend. L-9 said that DEL RIO is "the mouth piece of Edith CASA
who heads up the Consejo. -D.o.l.APR63

9. L-9 said that his brother in Cuba told him that he had been approached in Spain by an American "muy fino" and that he told him that he would be willing to talk with him at any time. L-9 did not push this question.
It is understood that his brother meant that he would talk to an American "in the open" but not in terms of clandestine activity. L-9 said that his brother was very "honesto" and would not want to take part in any type of "enemigo". He said that his brother would be extremely angry if ~~new~~
L-9 (L-9) was cooperating with the U.S. clandestinely.

L-9 said that he was pretty sure that AMELLO's wife will...
to leave Cuba. He said that Fidel CASTRO was very upset at this
and he felt that AMELLO's wife would be "cooperating" with the U.S.

11. L-9 said he saw Eusebio AZCUE in Habana and AZCUE will probably return to Mexico in about two weeks. L-9 said that Lt. COL-1 was very critical of AZCUE because of some of things he has been doing in Mexico. LIQUOR-1 probably made ref to drinking heavily, independent air, etc. Mariano GARCIA Perez apparently reported to Habana that AZCUE left the Consulate in an awful mess.
12. L-9 said that Raquel, lnu, an Uruguayan who stayed at Eusebio AZCUE's house while waiting for her visa in Mexico was under suspicion after she arrived in Habana. According to Concha FERNANDEZ, Fidel CASTRO, himself, went to visit her to find out where she stood through an interview. FERNANDEZ said that CASTRO returned from his visit to the Uruguayan and assured everyone she was O.K.
13. MAXIMONX Conchita FERNANDEZ told L-9 that Fidel CASTRO wanted to know who the SF VAS were, i.e. father and son who are located in the Cuban Embassy in France and Mexico respectively. CASTRO described them as 2 extremistas".
14. L-9 reported that while he was in Cuba rumors were flying to the effect that Armando HART, present Minister of Education was in line to relieve Raul RGA as Minister of Foreign Affairs. The rumors also indicated that Eugenio XIMENEZ VALME ^{OT CANT CAME THAT SOON} was to replace Paul CASTRO as Chief of the Armed Forces. G76A, APP63
15. L-9 reported that Russians were frequently seen riding around the city ~~HABANA~~ in trucks, wearing plaid sport shirts.
16. L-9 said that about 3 weeks ago, Juanita CASTRO was the protagonist in a big scandal at Varadero Beach. According to the reports, Juanita CASTRO opened a package of American cigarettes at the beach and he was approached by the authorities to tell her that the smoking of U.S. cigs was prohibited. She blew her top and there was quite a scene.
17. L-9 reported that Benny MORE, the famous Cuban musician died about a week or so ago.

MAN 12 1963

On 29 January 1963, I met LITAMIL-9 at
[redacted] and we drove to darkened section of city for
meeting. NO SECURITY PROBLEMS NOTED. Time: 2030-2130.

LITAMIL-9 reported as follows:

1. On 29 January 1963, Jaime WOOLRICH went to the Cuban Embassy to discuss travel to Havana re 10th Medical Congress. WOOLRICH, who will be using a Special Passport told L-9 that he had been to Tijuana recently and crossed the border, visiting San Diego. WOOLRICH gave his address as Condominio Insurgentes, Insurgentes Sur 300 -603, 1121 Ciudad de Mexico. LITAMIL-9 said that WOOLRICH was shrewd and "sneaky", he did not like his attitude. He appeared to be a person of "confidence", i.e. of the Cuban Embassy. WOOLRICH said he had a Cuban visa. WOOLRICH showed L-9 a letter which he received from Havana several months ago because according to WOOLRICH the meeting was scheduled for the end of last year. WOOLRICH pointed out that the paper was outdated and suggested that it be returned to Havana and a new one sent to WOOLRICH. The letter provided spaces to fill in by WOOLRICH of the doctors who would be going. WOOLRICH told L-9 that he had about five in mind, that some of those who were going have changed their minds. WOOLRICH said that Dr. Clemente ROBLES was now vacillating and he did not know whether he was going to go. L-9 told WOOLRICH he would send the letter soonest and get a new one for WOOLRICH to fill in. The Congress will take place between 17-24 February 1963. L-9 took WOOLRICH to see Maricarmen OLIBARRI re visas and left him there. WOOLRICH, however, will be back to see L-9 on 30 Jan 63. PROENZA turned this case over to L-9. SIX-F C.I.T. MEXICO, 117 E 51st, NEW YORK
2. On 27 Jan 63, Dolores DE LAMORA Zepeda asked L-9 for his telephone number and told him she would like to invited him to "reunirse con unos amigos en su apartamento". (COMMENT: I told L-9 that DE LAMORA's phone was being "tapped" and to be careful re conversation). RE CONTACT LITAMIL-9 JAN 63

6. L-9 said he attended a little celebration at the Embassy to commemorate the Anniversary of Marti. Nothing of any significance discussed. In addition to the celebration at the Embassy a group from the Emb and the Grupo Jose Marti place a "corona" on the monument of Marti at Chapultepec Park.
7. L-9 said that AMSTET-1 invited him to have supper with him when he had time. L-9 was surprised at AM-1's offer.
8. L-9 said that rumors indicated that Fidel CASTRO's mother was expected to arrive on 1 Feb 63.
9. L-9 reported that the Boletin de la Embajada will now appear every two months rather than once a month as previously. L-9 said this was an economical measure.
